STATE EASY FOR CORNELL

The Ithicans Have Little Trouble in Defeating the Pennsylvanians.

GOOD KICKING BY YOUNG OF CORNELL

During the First Half He Dropped a Goal From Field—State Played Hard in Second Half of the Game.

CORNELL. 45; STATE COLLEGE, 0;

ITHACA, Nov. 6.—Cornell lined up against State this afternoon in a drizzling rain storm and a wet gridiron. The Cornell eleven has not been doing much work the past week, getting over their Harvard injuries, and as a consequence they played quite snappy at times, but then at other times their play fell off perceptibly and State College made considerable gains, once getting the ball on Cornell's thirty-yard line, from which McChesney made a very pretty try for a field goal, missing by but a foot. After this Cornell braced up and scored several times more, making the final 45 to 0. The game was called at 3 p. m Cornell won the toss and chose the west goal, with a strong wind on her back. Young returned State's kick off and the ball rolled to State's five-yard line. State was unable to gain and kicked to Cornell's twenty-five yard line. On the first line-up Whiting went between tackle and end for a touch-down, from which Young kicked a goal. Time, 2 minutes.

State kicked off to Cornell's eight-yard line, and Young returned punt. State fumbled on her twenty-five yard line and the Ithacans got the ball. Cornell rushed the ball down the field rapidly and Young kicked a goal from field on the fifteen-yard line. State again kicked off, Young returning the punt. The ball was down on State's fifteen-yard line. State made several gains through Cornell's tackles and centre and punted to Young, who fumbled the ball and State secured the ball. State College here played good foot-ball and made steady gains. Cornell braced up and secured the ball on downs. Young went around end for thirty yards on double pass and by short kicks Cornell secured another touch-down. The remainder of the half is but a repetition of what has already happened. State was unable to make any ground and Cornell gained at will. The State ends were easily fooled on double passes and these were worked repeatedly. The first half ended, Cornell, 25; State, 0.

State took a decided brace in the second half, and, profiting by several Cornell fumbles, obtained the ball on Cornell's twenty-five yard line. McChesney then made a pretty try for a field goal, missing by a small margin. This braced the Ithacans somewhat, and they soon secured a touch-down by sharp rushes through the line. The remainder of the game was marked by long end runs by Cornell and sharp plunges through the line.

The Cornell team played fairly well, but showed a decided tendency to take a slump at different stages of the game. An amusing incident occurred just before the close of time. State kicked off and the Cornell eleven all bunched around the man making the catch and then the entire Cornell team was seen running in different directions up the field, all apparently radiating from the man who caught the ball. The State men stood around dazed and Cornell chased up the field and made a touch-down. The State men then realized that Whiting, the Cornell back, had the ball stuffed up his shirt and had gone the whole length of the field unmolested. The final score was: Cornell, 45; State, 0.

Cornell lined up as she had done in all her games with the exception of Lee, Reed and McLaughlin, whose places were filled by Tracy, Tangeman and Hackett respectively. The teams lined up as follows:

Pennsylvania State.		Cornell.
Diehl	Left end	Tracy
Rawn	Left tackle	Lueder
Gorr	Left guard	Tangeman
Murray	Centre	Schoch
Randolph	Right guard	Faville
Scholl	Right tackle	Hackett
Ruble	Right end	McKeever
Heckel	Quarter-back	Young
Curtin	Right half-back	Wilson
Cure	Left half-back	Whiting
McChesney	Full-back	Sleicher
	Full-back	Perkins

Umpire—Mr. Lang, of Yale. Referee—Dr. Newton, University of Pennsylvania. Touch-downs—Wilson. 2; Whiting, 5; Sleicher. Goals—Young, 4. Goal from field—Young. Time of halves—25 minutes.

B. H. S., 4. Academy 0.

On Saturday morning the third teams of the High School and Bellefonte Academy met on the glass works meadow engaged in an exciting game of foot ball. It was close and hotly contested on both sides, Keichline, Twitmire and Taylor did the best playing for High School, and Valentine, Brisbin and Gephart put up the best fight for Academy. The line up was as follows

B. H. S., 4	Pos.	B. A., 0.
Sholl	Centre	Edom
Blair	R. Gaurd	Hoover
Gilmore	L. Guard	Lingle
Runkle	R. Tackel	Cooke
Curtin	L. Tackle	Clark
Hart	Right End	Longacre
Schrock	Left End	Parsons
Stover	R. Half Back	Valentine
Twitmire	Quarter Back	Brisbin
Taylor, (Capt.)	Full Back	Gephart (Capt.)

Touchdown—Keichline, Dorsworth—Umpire, Eldredge—Referee. Score 4 to 0 in favor of B. H. S.

VICTORY FOR THE ACADEMY.

State Normal Boys Get a Sound Trouncing.

Saturday last at a football meet on the glass works meadow, the Academy once more showed their ability in the football line. This game was between the Lock Haven Normal and Bellefonte Academy. Sometime ago in the beginning of the season the Academy played the Normal a game at Lock Haven, and the finis was zip to zip. For this reason the game Saturday was expected to be close, when the teams met on the meadows.

Henderson, one of the Academy's best players and also half back on the team, was missing, and then all looked dark for the Academy. Cummings was taken from his position and put in that of Henderson's and the elevens were finally lined up. The Normal had the first kick-off and the Academy got the ball, and the first run was electrifying. Cummings made his favorite run of the season, that has almost rendered his name immortal; the onlookers could hardly realize that a touchdown had been made. The game continued until a safety was made, followed by a touchdown which was a second too late, the whistle blew as they crossed the line. This ended the first half and the Academy boys were looking fresh. The second half commenced with renewed enthusiasm on both sides. The Normal boys tried hard to redeem themselves, but it was of no avail. The Academy made one more touch-down, after which there was hard fighting done on both sides, but no points being made the game ended 10 to 0 in favor of the Academy.

The Academy certainly should have the praise and admiration of the public for their success in foot-ball ability thus far this year. Every individual on the team played a good game, but Cummings, Curtin and Twitmire deserve special mention.

The following was the line-up of both teams:

Academy.	Pos.	State Normal.
Otto	R E	Myers
Twitmire	R T	McWilliams
Seilers	R G	Cuneo
Garbrick	centre	Way
Musser	L G	Parsons
Potter	L T	Reighard
Eldredge	L E	Murray
Hughes, (capt)	quarter	Vogel
Cummings	R half back	Garbrick
Curtin	L half back	David
Blair	full back	Deitrick

Touchdowns—Cummings and Curtin; safety—Deitrick; umpire—Geo. Bush; referee—Sheffer; linesmen—John Keichline and Paul Fortney.

Ottawa Fears Washington.

OTTAWA, Ont., Nov. 5.—It is said at the Fisheries Department that the sealing counsel, Prof. Thompson, has been asked from Ottawa why it is that he has not come here, and his reply was that his instructions from the home government were to proceed to Washington. Great fears are expressed in official circles that Prof. Thompson has fallen a victim to the wiles of politicians at Washington, and may have committed Great Britain to a certain line of action in connection with the recent conference with which it was understood Canada and Great Britain would have nothing to do.

MARTIN THORN,

He is Now on Trial for His Life in New York.

THE GULDENSUPPE MURDER

These Testified to the Finding of the Portions of the Body and Photographs of the Same Were Produced to the Jury.

THORN HAS SHOWN NO NERVOUSNESS

NEW YORK, November 9.—Punctuality seems to be the watchword of every one concerned in the trial of Martin Thorn for the alleged murder of William Guldensuppe, which began yesterday morning in the Queens county court house. From Judge Wilmot M. Smith down to the sheriff's deputies every one vies with the other in being on time in the morning.

Thorn, handcuffed to Captain Methven and escorted by a constable, was brought into court a few minutes before the district attorney began his address. When the district attorney had finished his opening address both Lawyers Howe and Moss, as well as Emanuel Friend, who represents Mrs. Nack's interest, all agreed that the district attorney had promised the court and jury to prove a great many things which, before the case was concluded, he would find to be an impossible task.

Twenty witnesses were summoned for examination to-day, and the district attorney took them one by one just as the finding of the different portions of the body opened up to the public the fact that a terrible crime had been committed. The first witnesses were the boys who, while swimming in the East river, had found the upper portion of the severed trunk, and then followed the policemen who were called to the scene of the finding, and they in turn were followed by witnesses who testified to the bringing of that part of the body to the morgue. The discovery of the lower part of the trunk from which the legs were severed, half way between the thighs and knees, was taken up, and every person who handled it until was deposited with the morgue keeper was examined and each one in turn identified the paper, oilcloth and cheese cloth in which the part was wrapped.

The rest of the afternoon was taken up by the description of those who found and inspected the bundle found floating at the Brooklyn navy yard, and as in the other two instances, the carrying of those limbs was followed from the navy yard dock to the New York morgue and Bellevue hospital. Then the morgue keeper was put on the stand, and he testified to the accuracy of several photographs, which he said were true representations of the portions of the body which are now in glass jars preserved for identification in the morgue.

Lawyer Howe made several objections to the photographs being admitted as evidence as the parts were still in the morgue keeper's possession, and insisted that they should be produced in court. A shudder ran through many of his hearers when they heard this request, as they did not like the idea of having such exhibits produced in court. Judge Smith set their minds at rest, however, by overruling Mr. Howe's objections.

At 4 o'clock all the witnesses who had been brought to court for examination had given their testimony, and as there were no more available the prosecution asked for an adjournment until to-morrow morning. The court granted this request, and the trial will be resumed at half-past 9 o'clock to-morrow forenoon. It is expected that the greater part of the testimony to-morrow will be that of anatomical experts.

MRS. NACK HAS CONFESSED.

NEW YORK, November 9.—Mrs Augusta Nack has confessed. She will go on the stand to-morrow in the trial of Martin Thorn, her accomplice, and tell how they murdered William Guldensuppe, cut up his body and disposed of the multilated remains.

Emanuel Friend, counsel for Mrs. Nack was at the Harlem opera house to-night. It was noticed when he came into the lobby that he was nervous and excited his extreme nervousness caused some comment and he remarked casually that he had just come from a long interview with his client, Mrs. Nack, He sat half the play through, and, on coming out, said:

"Mrs. Nack has confessed. That is all I can say. She has confessed and will go on the stand to-morrow against Thorn. I cannot talk about the matter any further. I have made a solemn promise of secrecy. There is no use of trying to see me later; there is no use of trying to see any one else. Even Mr. Howe does not know. The few others who do know are pledged to secrecy as I am. I shall go home, disconnect my telephone and refuse to see any one or answer a question. "Mrs. Nack has made a full confession—that's all I can say."

The Sad Death of an Indian.

CARLISLE, Pa., Nov. 8.—Victor Seneca, a pupil at the Indian school, and brother of Isaac Seneca, right tackle on the Carlisle football eleven, died last night from injuries received while returning from the game at Philadelphia. The Pennsylvania railroad train, which carried the redskins full of joy of their strong showing against Pennsylvania, was crossing Girard avenue bridge, Philadelphia, when Seneca put his head out of a window and was struck by a telegraph pole. He fell back unconscious and it was feared that he would die on the train. At Downington a railroad physician was taken on the train, but the young Indian regained consciousness for only a few minutes. Then he sank into a stupor and continued so until death came. He was 18 years of age, belonged to the Seneca tribe, and had been at the school several years. His body was to-night removed to his former home at Catargus, New York.

Buried in One Coffin.

Indianapolis, Ind., Nov. 5.—Mrs. Angelina Mendenhall died this morning at her home, 316 West Twelfth street, aged 81 years. Forty-five hours before her husband, Dr. Elijah Mendenhall, had passed away at the age of 82 years. The two were buried this afternoon in the same coffin, made double width, at Crown Hill cemetery. They had been together through fifty-six years of wedded life. Both became sick on Thursday morning of last week. A few hours after the husband's death his wife asked that she be allowed to see him once more before her death. When the coffin was placed by her bed she said: "I am glad he is at rest." These were her last words. Dr. Mendenhall's body was to have been buried yesterday, but, owing to Mrs. Mendenhall's condition, the burial was postponed. For fifteen years Mrs. Mendenhall said that she would not be present in life at her husband's funeral, even if he died first, for she would join him a few hours after his death. Dr. Mendenhall for many years practiced his profession in Cincinnati. The couple had four sons, among whom was the late Rev. J. W. Mendenhall, editor of the Methodist Review of New York.

This is One of the New Arrivals.

TRENTON, N. J., Nov. 9.—John Zahn, a Pole, with his wife and five children, appeared at the state house to-day and demanded an audience with the governor. He said he wanted $6,000 to take him to the state of Washington, where his family belongs. His demand was refused, but a subscription was taken up by a number of friends only to meet with a refusal from Zahn. A policeman was called and Zahn was arrested. The authorities afterwards furnished transportation to Philadelphia for the family.

May Save W. C. T. U. Temple.

BUFFALO, N. Y., Nov. 5.—The resignation of the Board of Trustees of the temple and particularly the effect Miss Willard's resignation would have was the subject of much discussion to-day among the members of the W. C. T. U. still in the city. By some it was urged that Miss Willard's action was a death blow to the institution. The fact of the matter is that Miss Willard resigned as trustee of the temple at the earnest request of her entire board of officers and of the executive committee of the National W. C. T. U., who do not wish to in any way appear responsible for the temple.

Her resignation as trustee, however, will in no way affect Miss Willard's interest in the temple, as she will devote herself to the task of raising funds for paying off the trust bonds.

Mrs. Caise left for Chicago to-day. During her stay in Buffalo she raised more than $2,000 toward the temple fund. She stated that she was fully satisfied that the fund would be raised so that the building might be saved for the W. C. T. U.

A STRIKE IS LIKELY,

So Says President Ratchford, of the United Mine Workers,

EVEN IF THE WEATHER IS COLD

Delegates Representing Fifty-Six Mines in the Pittsburg District Met to Consider Matters Tuesday Afternoon.

NO CONCLUSION ARRIVED AT

PITTSBURG, November 9.—This morning sixty-three delegates, representing fifty-six mines of the Pittsburg district, United Mine Workers, met in Knights of Labor hall, this city, to consider whether or not the 10 per cent, levy for the benefit of the striking miners of the New York and Cleveland Gas Coal company should be continued. This was not decided when the convention adjourned until to-morrow morning, although the [illegible] committee reported favorably. District President Patrick D[illegible] opening address, urged the delegates to vote this 10 per cent, levy. He said that the action of the delegates on this would determine whether the men would work in future for high or low wages.

National President Ratchford was present and earnestly besought the delegates to do everything in their power to hold out against the De Armitt mines, He said that on December 31 the present 65 cent mining rate expired and that in December a new rate must be fixed by conference. A strike seemed imminent, Mr. Ratchford said, and that to that end all over the country miners were being organized. He urged the continuance of the 10 per cent levy to fight the De Armitt company.

Secretary Warner reported $8,383,49 collected and disbursed during the present strike. He congratulated the miners upon the failure of the New York and Cleveland Gas Coal company to obtain the coal contract for Pittsburg's water works.

Grangers Gathering.

HARRISBURG, Nov. 9.—The National Grange, Patrons of Husbandry, will meet in annual session in the Supreme Court chamber, in this city, to-morrow morning, and continue in session about ten days. The meetings will be secret, and will be presided over by Assistant Secretary of Agriculture Brigham, master of the national grange. The national grange is composed of 58 delegates, and 16 officers, most of whom are present. To-morrow evening, the sixth degree, known as "Flora," will be conferred in the presence of the joint bodies. The seventh or the "Assembly of Demeter" will be conferred on Thursday evening. The delegates to the national granges will visit the Gettysburg battlefield Thursday.

A short session of the state grange was held behind closed doors, this evening, in the Harrisburg opera house, to complete roll of delegates, and arrange other preliminaries. The reports of the officers will be read to-morrow, and arrangements completed for the joint session of the state and national granges at the opera house, Thursday afternoon. A feature of that gathering will be addresses by Gov. Hastings, Mayor Patterson of Harrisburg and officers of the state and national granges.

Girl Commits suicide.

NEW YORK, Nov. 5.—The driver of a brewery wagon in East Orange, N. J., almost ran over the body of a dead girl in that place to-day. It proved to be Cecile Guimaeres, the sixteen-year-old daughter of a wealthy resident of East Orange. She had committed suicide by shooting herself with a revolver in the region of the heart.

Last night she quarreled with her father over some paltry affair. She ran out of the house, without waiting to get her hat, and said. 'I am going to kill myself." East Orange was searched all through the night for traces of the missing daughter and a reward of $50 was offered by Mr. Guimaeres for information regarding her whereabouts. When the body was found to-day the revolver was lying beside it.

Queer Election Board.

Sunbury Daily: On election day, in East Cameron township, the election board consisted of five persons who were all brothers in law. It is not often that one family can run an election, and we doubt whether such another case has ever occurred in the State. In part the board consisted of Emory Henninger, Monroe Whary and Joe Whary. The three above named married sisters by the name of Weikel. The balance of the board were Benjamin and Oscar Weikle, brothers to the girls who had married the other members of the board.

A YOUNG LIFE ENDED.

Miss Grace Laird, Formerly of Bellefonte, Died at the Home of Her Parents at Tyrone.

The many friends of Miss Grace Laird in Bellefonte will be pained to learn of her sad death which occurred at her parents' home. Mr. Laid and family resided in Bellefonte for many years and Miss Grace was loved and respected by all who knew her. The following account of her illness and death is taken from Tuesday's Tyrone Herald:

Ella Grace Laird, daughter of R. A. and Charlotta C. Laird, died at the family home on West Tenth street at 11:25 o'clock last night, after an illness covering nearly a year. She was afflicted with stomach and bronchial trouble. The deceased was aged 24 years, 10 months and 8 days. She was born in Juniata county and came to Tyrone with her parents about six years ago.

Besides the parents four brothers and two sisters survive their daughter and sister, who was thus cut off at a period when the age of maturity had just arrived. A member of the Presbyterian church the deceased was a young lady who had started in life in a way that would have led her into womanhood fitted and prepared for the responsibilities of adult life had she been permitted to remain on this side of the line which separates time from eternity.

The funeral services will be held at the late home of the deceased at 3 o'clock Thursday afternoon by Rev. A. J. Weisley, pastor of the deceased, after which interment will be made at Tyrone cemetery.

To a Street Sprinkler.

While riding down High street on our wheel the other day we found one of the street sprinklers with a hundred feet of hose, more or less, engaged in soaking the street although it had only lately rained sufficiently to lay the dust. Our wheel slipped from under us and in an effort to regain ourselves we thought of the following verses about the street sprinkler:

Sprinkle, sprinkle, great big cart,
Up and down the sloppy mart.
Sprinkle, be it cold or hot,
Wet or dry, it matters not.
What though wheelmen wail and weep,
Keep the mud two inches deep.
Let'er flicker in a flood;
Streets were made for mixing mud.
Ere the golden sun is set,
Make the streets so dog-gone wet
Those who, in the gloaming dim,
Try to ride will have to swim.
Let'er sizzle, day by day;
What are streets for anyway?
Your job is to keep 'em wet,
And you get there, too, you bet.
Soak 'em to your heart's content,
Till some genius shall invent
Some new wheel to sail the street,
With fins and flippers and web feet.

Postal Banks Needed.

At a recent meeting of the Indiana Bankers' association at Indianapolis Mortimer Levering of Lafayette, recognized as one of the best financiers in Indiana, made an address on postal savings banks in which he said: "The government is in a position to manage this thing through its present postoffice system, and will scarcely increase the expenses of that department, while it will enhance the accumulated wealth of the people throughout the whole United States. It was thought that building and loan associations would care for the savings of the masses, but people have become suspicious of them. It is well known that lawyers in Indiana are making much as $10,000 a year out of these institutions, and officers are making much money out of them. We all know that trust companies are not organized as eleemosynary institutions. We want a system of savings banks that are for the poor people. What greater pride could a man have than to think himself a depositor of the United States?"

SEVEN TIMES ONE.

There's no dew left on the daisies and clover
There's no rain left in heaven;
I've said my "seven times" over and over—
Seven times one are seven.

I am old, so old, I can write a letter,
My birthday lessons are done;
The lambs play always—they know no better
They are only one times one.

O moon! in the night I have seen you sailing
And shining, so round and low;
You were bright! ah, bright! but your light is failing—
You are nothing now but a bow.

You moon, have you done something wrong in heaven,
That God has hidden your face?
I hope, if you have, you will soon be forgiven
And shine again in your place.

O, velvet bee, you're a dusty fellow—
You've powdered your legs with gold!
O brave marsh marybuds, rich and yellow,
Give me your money to hold!

O columbine, open your folded wrapper,
Where two twin turtle doves dwell!
O cuckoo pint, tell me the purple clapper
That hangs in your clear green bell!

And show me the nest with your young ones in it;
I will not steal them away;
I am old, you may trust me, linnet, linnet—
I am seven times one to-day.

—Jean Ingelow.

A RUNAWAY TRAIN

There have lately been turned out of the Southern Pacific Railroad shops at one of the big terminals of that road on the Pacific Coast four of the largest consolidated pattern engines in use, designed especially for mountain work, whose plans and specifications were drawn by probably the only lady expert mechanical engineer in America, if not in the world. How she attained her present position is one of the railroad legends of the road for which she works, but I believe the story has never been in print.

A number of years ago, about fifteen I believe, some lucky prospectors "located" mining claims away up in the almost inaccessible fortresses of one of the mountain ranges of the West, and the phenomenal riches of the lead amply repaid the heavy expenses of the "mule train" that was used to "pack" the output of the railroad Eventually the prosperity of the first proprietors brought other adventurous spirits to the lucky spot and later a rich syndicate bought out all the smaller claims on the ledge and established there the great mills and smelters of the Calumet Mining and Smelting Company.

Then the Southern Pacific people awakened to the importance of the enterprise, and after a series of consultations with the syndicate, in the course of which a very handsome financial proposition was made by the miners, a branch road was surveyed up through the canons to the site of the now rapidly growing town. The difficulties were almost insurmountable, but at last the work was done and a very crooked and dangerous piece of track was the result. Its grades were precipitous in the extreme, its curves sharp to the last degree, and its road bed so narrow in some places that if a car became derailed it was either demolished against the rock wall on one side or went to the bottom of the gorge on the other there to lie and rot and rust away. Once over the cliff the cost of raising an ore car would almost pay for a new one, and the company seldom made any effort to recover the wreckage.

One point on the shore road had always been dreaded by the trainmen, and this was the sharp curve at the approach to what was called the second crossing. It had been a prolific source of wrecks and the rocks below the bridge were strewn with the broken timbers and bent and twisted ironwork of dozens of ore cars that had plunged over the sheer sides of the deep gorge. This second crossing bridge was at the foot of the heaviest grade and from there the road wound through the beautiful Silver Creek Valley to the "Junction," where it joined the main line of the Southern Pacific.

At the point where the level track commenced, hardly a stone's throw from the second crossing bridge, the company had built a short siding for the use of the giant consolidated engine that was used to push the long trains of ore cars up the mountain, and just across the main track from the siding stood the little cottage where John Clarke, the engineer, and his daughter, Jessie, lived.

Miss Jessie at that time was nearly sixteen, and for the last three years had been her father's housekeeper. All her life she had been intimately associated with railroad men, and for the three years that her father had been running the big "pusher" she had had no other companion than a little brother, several years her junior.

All her spare time she spent with her father about the engine, and had made it an enthusiastic study until, at sixteen, she knew its mechanism about as thoroughly as did her gray-haired father; in fact, it was her boast that she could "run the consolidator as good as daddy."

A short time before the incident happened of which I am about to tell you a tourist delayed by a wreck at the bridge had spent the day at Clark's cottage. The little housekeeper had made the day very pleasant for him by piloting him about the valley, and on leaving he had given her a pair of powerful field glasses.

They were her dearest earthly possession, for with them she could see her father's engine as it crept down the mountain for nearly an hour before he would arrive at the siding.

The long stretches of road as it wound around the crags up the canon, now for a mile in sight, then disappearing among the rocks, only to reappear still further up the mountain, were always an interesting study for the girl and but for those field glasses, the young lady's practical knowledge of railroading and her unparalleled nerve, the Southern Pacific would have had one wreck that would have cost many lives.

One August evening Miss Clarke was watching through the field glasses the effect of the sunlight on the brilliant quartz rock at the farthest point up the mountain, where the track could be seen from the valley and only a short distance from the big mills at the top of the hill. Her father and his fireman had gone to the junction for some supplies, and were to return on the "mail," now nearly due. Her little brother was "playing fireman," and with a big bunch of waste was rubbing up the bright work about the big engine. The twilight silence in the valley was only broken by the occasional hiss of escaping steam and the steady, monotonous "pound" of the air pump on the engine, which her father had forgotten to shut off before he left. She had just noticed it, and was about to go to the engine and shut off the steam when, as she took one last look, she was almost paralyzed by the sight of a long train of ore cars creeping around the curve. Two or three of the laborers at the mines were still on them, but hand brakes would never stop that heavy train, and as it slowly gained in speed, she saw them leave the train. Then she thought of the little passenger train that would be there in a few minutes and in another moment she was climbing into the cab of the big engine and telling her little brother what to do.

"Open the switch, Johnnie, and when I get down on the main track shut it and run down the track and flag number one. Tell dad I'm up the hill to catch a runaway."

Johnnie did as he was told and the powerful engine rolled out of the siding, across the bridge and was soon tearing up the hill at full speed toward the now rapidly approaching train.

As she left the siding her one thought had been to save the passenger [illegible] an awful collision [illegible] the bridge she thought of a little story her father had lately told of how he had once caught a runaway train with his engine and had stopped it before it could do any awful danger. If "Daddy" could do it she could.

For nearly four miles up the hill the big engine fairly flew, then, as she reached a long stretch of straight track where the view was clear for nearly a mile, she shut off the steam and gradually the locomotive stopped.

Jessie looked up at the steam guage. The pointer indicated only 100 pounds pressure. Keeping a close watch on the track ahead, the intrepid girl left the throttle and, opening the fire-box door, replenished the fire. Just as the last scoopful of coal was thrown in and the door closed the runaway s[illegible] around the curve into view, and, starting the engine back, the girl watched closely for a chance to catch the now rapidly moving train.

Down the heavy grade went engine and cars, the distance between them rapidly growing shorter. On a little piece of straight track, a little over a mile from the dangerous bridge, Jessie decided to take the last desperate chance, and as the engine reached the desired point, only a few feet ahead of the flying ore cars, the girl gave the engine a light touch of the air-brake, and then, with mighty impact, the heavy train struck the engine, then the air-brake was sent to the "emergency notch," but so great was the speed of the train that even that did but little to slacken the speed, and that awful curve at the bridge was almost in sight.

Jessie almost lost her nerve as she thought of that deadly place. She knew the big engine would never round it at its present rate of speed.

Suddenly the escape valve of the engine opened with a mighty roar, telling her the powerful engine was straining and quivering under the pressure of nearly 200 pounds of steam, and then a favorite axiom of her father's, came to her mind: "If air won't hold 'em, give 'em steam."

One supreme effort of the strong young arms and the reverse lever of the black giant was thrown over, the sand pipes were opened, and with steady hand Jessie opened the throttle, throwing a mighty force against the heavy train.

Now the speed of the train materially decreased, but the big locomotive rolled and rocked like a ship at sea as she safely rounded the dangerous curve and shot out on the high bridge, and then came another shock for the sorely tried girl, for standing in front of the cottage, almost hidden by a dense cloud of black smoke, stood the little passenger train with its load of unsuspecting travellers.

Here again the girl's knowledge of railroad craft came to her, and she knew that no power on earth could stop that heavy train to avert a collision, but she could signal to them. A brown hand reached for the whistle cord, and in a second more the deep valley was resounding to the hoarse roar of the duplex whistle giving three loud blasts—the railroaders' signal: "Back up."

The signal was just in time; as the passenger train backed out of the way the big consolidator and its string of ore cars rolled heavily by, the train now under control, but still moving with sufficient force to have done considerable damage.

As the train passed the siding, Clarke and his fireman climbed on the cars and soon stopped them; and as Jessie jumped to the ground she almost alighted on a tall gray mustached old gentleman. He was Charles Archer, vice-president and general manager of the Southern Pacific, and a man who never failed to recognize and reward merit; and it was at his hands Miss Clarek received the education that fitted her for the position she now occupies and who placed the lady's name [illegible] the "merit roll" of the Southern Pacific Railroad at a salary of $1,500 per year, work or play, as long as she lives.—By A. M. Strong.

GRIM FAMINE IN CUBA.

Death Cutting a Deep Swath in the City of Havana.

THERE IS NO MEAT FOR THE PEOPLE

The Spanish Goverment Makes a Deal for a New Currency on a Gold Basis.

CLEVELAND A GOOD FRIEND OF SPAIN

HAVANA, Nov. 3.—During the last three days 136 persons have died in the city of Havana. Over 50 per cent of the people gathered into the Matanzas district as a precautionary measure against the insurgents were without meat to-day.

According to a dispatch from Madrid, the Spanish government intends to enter into a contract with the Bank of Spain at Havana under which the bank will undertake the management of the Cuban treasury, the lottery and the other public financial concerns of the island. It is understood that the bank will make a new issue of gold notes to the amount of $100,000,000, and these notes will be received by the government in payment of taxes of every class, including custom house duties. The government silver bills will be withdrawn.

MADRID, Nov. 3.—Senor Salvani, a member of the Spanish Senate, writes to the newspapers a reply to the magazine article written by Hannis Taylor, late United States minister to Spain. Salvani says that before the McKinley administration was inaugurated, Mr. Taylor urged in a conversation with him that Spain must not suppress the Cuban insurrection by arms alone, but must execute reforms. Mr. Taylor, Mr. Salvani says, added:

"Peace will then follow immediately. Spain has a friend in the White House whose powers are on the eve of expiring and she ought to profit by the opportunity to obtain peace speedily, for, his successor is certain to be less favorable to Spain than President Cleveland."

Salvani says that he communicated these remarks to Canovas del Castillo, who was then prime minister, and that when the reforms proposed by Canovas were premulgated Mr. Taylor said:

"You and I will bring about peace in Cuba and thus powerfully contribute to the good of humanity and uphold the great interests of civilization by ending the war, the prototype of crime and a return to barbarism."

Salvani goes on to say that when the appointment of Mr. Sherman as Secretary of State was talked of he asked Mr. Taylor if Spain would not have reason to fear a man who, in a speech in the Senate, had displayed such hatred of Spain. Mr. Taylor replied: "Don't notice that for Sherman, as a responsible minister, will change his opinions. Spain has nothing to fear in this respect."

For Over Fifty Years.

Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It will relieve the poor little sufferer immediately. Sold by all druggists in all parts of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

A mirror could not lie if it wanted to. The glass has nothing to gain by flattery. If the roses of health and plumpness of beauty are leaving your face, your mirror will tell you so. Health is the greatest beautifier in the world. When a woman sees the indications of ill-health in the face, she may with almost absolute certainly look for the cause in one or both of two conditions—constipation, and derangement of the organs distinctly feminine. Dr. Pierce's Favorite Prescription will cure permanently and positively any so-called "female complaint." Dr. Pierce's Pleasant Pellets will cure constipation. There is no reason in the world why a woman should not be perfectly healthly. She will gain in health, strength and flesh. Hollows and angels will give place to fullness and grace. She will be that noblest and most beautiful of all creation—a perfect woman.

Send 21 cents in one cent stamps to World's Dispensary Medical Association Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

CASTORIA.

The fac-simile signature of Chas. H. Fletcher is on every wrapper.

Beware of the Dog.

In response to numerous inquiries regarding hunting deer under the new game law, we publish the section relating to deer hunting and running of deer with dogs. It is as follows:

SEC. 4. No person shall catch, take or kill in this commonwealth, or except as hereinafter provided, have in his or her possession or under his or her control after the same shall have been killed, any elk, deer or fawn, save during the month of November in each year. No person or persons shall make use of dog or dogs in hunting any elk, deer or fawn within this State. Whoever shall offend against any of the provisions of this section shall be liable to a penalty of one hundred dollars for each offense so committed, or to imprisonment in the county jail for a period of one day for each dollar of penalty imposed. Any dog or dogs pursuing or killing any elk, deer or fawn, are hereby declared a public nuisance, and may be killed by any person when so seen, and the owner of such dog or dogs shall have no recourse at law whatever.

Steamers to the Klondyke.

PHILADELPHIA, Nov. 4.—The first line of first-class steamships to the Klondyke has been organized in this city, with Charles H. Cramp, of the shipbuilding firm of that name, as President. There will be five vessels in all, and the first will start in April next, clearing from New York or Philadelphia, and stopping at San Francisco, Seattle, and Tacoma. Each of these ships will accommodate about 400 first-class passengers and several hundred second-class. They will make connections with railroad on the Pacific and with transportation boats in the region, while for the accommodation of passengers from abroad, arrangements will be made with the American Line, so that a gold-seeker from the other side may buy a through ticket from Southampton to Dawson City.

These vessels will arrive in Alaska at the opening of navigation on the Yukon; and will continue to give weekly service between the Pacific ports and the Klondyke. Each vessel will carry 2,000 tons of freight.

J. H. Hoadley, of New York is First Vice President of the new company which has offices in New York, Philadelphia, and Chicago, and is about opening others in San Francisco, Seattle and Tacoma.

Victora, British Columbia, Nov. 4.—From one of the members of Hon. Mr. Sifton's party it is learned that the Minister will recommend to the government the modification of the Yukon mining regulation as to the collection of royalty to the extent that such amount of the output as is required to work claims will be exempt; also that the government will reserve claims in blocks of ten and that the size of the claims will be increased to 150 feet.

Queen of Women Crooks.

NEW YORK, Nov. 5.—Ellen Peck, who has been known for years as the queen of confidence women, was to-day sentenced to five years in prison by Judge Cowing. Mrs. Peck, who is 73 years old, was convicted last week of the larceny of $1,200 worth of jewelry from Christopher Gini of this city.

As security she gave the jeweler a $1,000 bond, which proved to be worthless. Mrs. Peck has been in prison before. She first came to the notice of the authorities in connection with the swindling of Babbitt, the soap manufacturer, out of nearly $1,000.000. Later on she succeeded in duping Julius Columbian, notorious forger, out of considerable money, and to get him out of the way betrayed him to the police.

Earthquake Shakes Idaho.

POCATELLO, IDAHO, Nov. 4.—A servere shock of earthquake at 2:30 this morning was felt the entire distance from Silver Bow to Monida, Mont., and at 7 o'clock the second shock was preceptible, but not so severe. At Divide, Red Rock, Lima, and Monida, windows rattled, dishes fell to the floor, flower-pots were thrown from their stands, lamp chimneys, and other glassware suffered destruction, clocks stopped, and buildings were made to sway and crack. At Dillion especially was the first shock severe. The court house walls were cracked and the plaster fell from the ceiling.

HELENA, MONT., Nov. 4.—At 2:05 o'clock this morning a slight earthquake shock was felt here, rocking buildings. It was of seven seconds duration, but as yet no damage is known to have been caused by it.

CASTORIA

For Infants and Children.

The fac-simile signature of Chas. H. Fletcher is on every wrapper.

A SEA OF FLAME.

On the evening of November, 28th, 1878, a fire broke out in the British ship Melanie, loaded with 500 barrels of petroleum. An awful mass of flames shot up from the main hatch and the vessel quivered from stem to stern with explosion of the barrels. Her seams opened and the blazing petroleum poured out into the river, spreading a belt of fire around her. The master and seamen jumped overboard. Captain Sharp, whose vessel was lying close-by, propelled a small boat through the blazing river and after a severe scorching and imminent peril, saved the seamen from a horrible death.

All over civilization there are thousands of men in more imminent danger than were those seamen. They are threatened with consumption or are already in the clutch of that deadly disease. If they only knew it, help is at hand. Dr. Pierce's Golden Medical Discovery cures 98 per cent. of all cases of consumption. It also cures bronchitis, asthma, throat and nasal troubles and all diseases of the air passages. It is the great blood-maker, flesh-builder, and nerve-tonic. It makes the appetite hearty, the digestion perfect and the liver active. The "Golden Medical Discovery" is the product of that eminent specialist, Dr. R. V. Pierce, who, during the thirty years that he has been chief consulting physician to the great Invalids' Hotel and Surgical Institute, at Buffalo, has treated more cases than fifty ordinary physicians treat in a lifetime. Thousands given up by doctors, have testified to complete recovery under this marvelous medicine.

Constipation causes and aggravates many serious diseases. It is speedily cured by Dr. Pierce's Pleasant Pellets.

A Republican administration is about to complete the Government's connection with the Pacific railroads. It will be remembered by some of the older citizens that Republican administrations helped to make the arrangements for the building of the Pacific railroads, and that a Republican administration saw them completed, and that in all these transactions the interests of the people have been carefully and intelligently guarded, while the benefit which has resulted to the country through this means of communication from ocean to ocean cannot be estimated nor is the comparative cost of the road a circumstance. Now that the final action is to be consummated with credit to the Government and the Republican party, it is but natural that Democratic editors should emit their regulation wails.

CASTORIA.

The fac-simile signature of Chas. H. Fletcher is on every wrapper.

—Mrs. L. Robins, a resident of Sugar Valley, Clinton county, had a writ of habes corpus issued commanding Mr. William Courter of Howard township to produce her six-years-old child in court and show cause why the child should not be placed in the custody of its mother. The hearing came off on Nov. 1, and both Mr. and Mrs. Courter testified that the mother had given them the child three years ago to adopt as their own, but had taken no legal steps for the purpose. The Court gave the boy to its mother Mrs. Robins.

Try Grain-O! Try Grain-O!

Ask your Grocer to-day to show you package of GRAIN-O, the new food drink that takes the place of coffee. The children may drink it without injury as well as the adult. All who try it, like it. GRAIN-O has that rich seal brown of Mocha or Java, but it is made from pure grains, and the most delicate stomach receives it without distress. ¼ the price of coffee. 15c. and 25 cts. per package. Sold by all grocers.

An Ohio Monument.

The corresponding secretary of the Mattern reunion, in his effort, failed to successfully correspond with the branch of the Mattern family in Ohio, but since the reunion in 1895 correspondence was opened with many members in that state, also with other members of the same family elsewhere, that six representatives were at the reunion of 1897. Since that time Mrs. W. H. Flenner and her daughter Mary Orabel, of Tyrone, have been visiting among their Mattern friends in Ohio for a month past. They have returned highly delighted with both country and friends, which denote prosperity. All are homelike, comfortable and happy. Among the many places seen by Mrs. Flenner and her daughter none was more remarkable than the following:

In Tuicarawas county, Ohio, in a beautiful grove of natural timber and seven miles from Dennison is Gnadenhutten, pronounced G-na-den-hut-ten, cemetery, and in it stands a monument of gray granite about 15 feet square at the base with a tapering shaft fifty feet high on which is inscribed:

"Here Triumphed in Death
90 Christian Indians.
March 8th, 1872."

Gnadenhutten stands on the site of a Moravian missionary church into which the 90 christian Indians mentioned above were decoyed by Indian enemies and under the command of a government officer of the name of Morgan was burned on the date inscribed. There are two mounds. One marks a mission house and the other a few feet south west marks a cellar where Rev. J. Heckervelder and D. Peters deposited the remains of the 90 cremated Indians. The monument was erected June 5, 1872, and a special railway was made to convey the monument from the station to the cemetery, which is one mile.—Tyrone Herald.

Dr. Scott, whose Adv. appears in this issue makes the very liberal offer to every one trying his brush, that if it is not found satisfactory after six months trial he will refund the money, the brush has been sold over twenty years and must have merits to enjoy such an extensive sale.

A Tragedy in Texas.

DALLAS, Tex., Nov.—At 7 o'clock to-night a tragedy occurred in a cottage house at the corner of Germania and Gaston Avenues, East Dallas, where Mrs. Emma Smith kept a small boarding house. There boarded with her two men, James Boswell and James Barton. Boswell walked into Mrs. Smith's room and shot her in the throat. The man turned on Barton, shooting him twice in the body, then blew his own brains out, falling dead. Jealousy was the cause.

A Word With You....

It is worth your while to give attention to some reason why you should be a reader of THE PHILADELPHIA PRESS.

THE PRESS is the greatest home newspaper of the United States. Its record of each day's events, in all parts of the world, is more complete than that of any other paper. It has no space for sensationalism or anything tending to lower the moral tone.

No other Philadelphia paper has equal facilities for obtaining prompt and acurate reports of news events, wherever they may occur. Reporters for THE PRESS are in every section of Philadelphia every day; special correspondents of THE PRESS are stationed at every county seat and important town in Pensylvania, New Jersey, Delaware and Maryland, and at every news center in the United States and the old world.

No other Philadelphia paper equals THE PRESS in its special departments—the woman's page; the literary page; the market page; the pages devoted to church news, school news, society news, G. A. R. news, sporting news, etc.

THE PRESS is an advocate of the principals of the Republican party, but it prints the news of all political events more fully than any other paper; hence THE PRESS should be your paper, no matter what your political opinions are if you wish to be well informed. In a word, THE PHILADELPHIA PRESS prints all the news all the time

Send in your address Sample copy of THE PRESS will be mailed free. If you are fairminded you will read it regularly.

THE DAILY PRESS is mailed to subscribers for **$6.00** a year (**50 cts.** a month) payable in advance; THE SUNDAY PRESS, **$2.50** a year; THE DAILY and SUNDAY PRESS, **$8.00** a year (**70 cts.** a month); THE WEEKLY PRESS **$1.00** a year. A liberal commission is allowed to persons who solicit subscription or to persons who will place THE PRESS on sale in localities where there are no agents. Address **"The Press,"** Philadelphia.

JOHN BULL IS WARM.

Now He Kicks on the Telegraph Service.

WILL DRAW AWAY FROM US

When Cleveland Endeavored to Save Venezuela From Being Gobbled Up the System Was first Inaugurated.

ANOTHER STOCK MARKET PROJECT

NEW YORK, Nov. 4.—A special cable dispatch from London to the Evening Post says:

"To-day's issue of shares and debentures by the direct West India Cable company (limited) marks the beginning of the end of England's dependence on the United States for cable connection with the West Indies. But for President Cleveland's Venezuelan war message, England would probably have been quite content to continue to depend upon the United States lines, via Florida and Cuba, but directly the officials here realized the possibility of a war with the United States and the consequent isolation of the West Indian colonies, they set about the negotiations which after along hard fight with rival United States telegraph interests, resulted in an imperial subsidy of $40,000 yearly for twenty years to the British Canadian capitalists who won the Halifax-Bermuda cable for its extension from Bermuda to Jamica, and ultimately to other leading West Indian islands and South American. The cable will be completed by the first week of February next. As showing the spirit of the new enterprise, it may be said that of to-day's issue of $300,000 in shares and $600,000 in 4½ per cent. debentures, more than two thirds were subscribed privately before the issue was offered to the public.

A similar imperial undertaking, the Pacific cable project, is still a subject of departmental inquiry. The Canadian proposal for a cable to Australasia from Vancouver has now been suplemented by a rival project to connect Australia with England via Cape Colony without touching foreign territory.

A Piece of Parchment.

When unwritten on, is not more colorless than the cadaverous countenances of those unfortunate persons whom we are accustomed to call "confirmed invalids." What a misnomer! implying, too, despair, a giving up for lost! As long as the vivifying power of Hostetter's Stomach Bitters can be felt, and that is possible so long as there is no absolute collapse of the faculties, fresh vitality can be infused into wasted, feeble frames; color and flesh can be brought back to wasted, pallid cheeks with this grand sheet anchor of the debilitated and the sickly. It is a tonic of the greatest potency and the utmost purity, and a remedy for and preventive of dyspepsia, bilious, malarious, rheumatic, nervous and kidney complaints. Appetite and sleep are greatly aided by it; it counteracts the effects of undue fatigue, or excitement, and nullifies the often perilous consequences of exposure in inclement weather or damp clothing.

McKinley at Work.

WASHINGTON, D. C., Nov. 4.—The president and Mrs. McKinley arrived at 9 a. m. The president immediately resumed his work at the White House.

Nicholas Bishop of Alaska and the Aleutian Islands, who has just arrived in Washington from San Francisco, was among the callers on President McKinley to-day. He was accompanied by Mr. De Wollent, charge d'affaires of the Russian legation, and presented a striking appearance, clad in full canonical robes of royal purple velvet, with high headdress and flowing black veil, and with his broad chest fairly covered with diamonds, pearls and other precious stones of great value. The bishop is the only official representative bishop of the Russian Greek church in the territory of the United States, and he attracted much attention as he visited the various executive departments to pay his respects to the cabinet officers.

The office seekers were not in evidence at the White House to day, and to the few who called the announcement was made that the president could see no one. Postmaster General Gary was with the president for some time. A little later Secretary Sherman came over from the state department. He had some foreign papers to present and also talked over the results of the elections. Attorney General McKenna conferred with the president as to appointments under the department of justice.

CASTORIA.

WEATHER BULLETIN.

The Kind of Weather Prophet Foster Says We Are to Experience.

My last bulletin gave forecasts of the storm wave to cross the country from November 5th to 9th, and the next will reach the Pacific coast about November 10, cross the west of Rockies country by close of 11th, great central valleys 12th to 14th. and the eastern states on the 15th.

The warm wave of this storm wave will cross the west of Rockies country about the 10th, great central valleys 12th, and eastern states 14th. A cool wave will cross the west of Rockies country about the 13th, great central valleys 15th and eastern state 17th.

In the southern states the temperature will reach its highest point not many days from November 4th, and then fall to its lowest point about 17th. Near 21st or 22d the temperature will reach another high average and then go down until about December 4th to 5th.

In the northern states the temperature will rapidly rise from November 1st to about 7th. A cold wave will come from 8th to 12th, followed by rising temperatures.

Shake Into Your Shoes

Allen's Foot-Ease, a powder for the feet. It cures painful, swollen, smarting feet and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot-Ease makes a tight-fitting or new shoes feel easy. It is a certain cure for sweating, Callous and hot, tired, aching feet. Try it *To-day*. Sold by all druggists and shoe stores. By mail for 25c. in stamps. Trial package FREE. Address. Allen S. Olmsted, Le Roy, N. Y.

Invalid and Sacramental Wines.

Speer's Unfermented Grape Juice is pure and unintoxicating. It is made from the finest native grown Port Grapes. especially for the use of Christian Churches, preserved from fresh and pure juice as it is pressed, and guaranteed to retain its grateful flavor and essential qualities unimpaired for any period. Much used for evening parties and invalids who do not use stimulants.

Those Bimetalist Advocates.

NEW YORK, Nov. 5.—Senator Wolcott, of Colorado, and General Charles J. Paine, two of the monetary commissioners appointed by President McKinley to confer with European governments concerning the feasibility of establishing international bimetalism, arrived here to-night on the steamship Campania. The other commissioner, former Vice President Stephenson, will return on a later vessel.

Senator Wolcott asked to be excused from saying anything of his mission abroad. He was much interested in the news of the recent election, but made no comment. General Paine also declined to speak about his European trip. Senator Wolcott will remain here for a couple of days and then go to Washington.

Charles D. Lane, chairman of the national silver party, was also a passenger on the Campania. He had been to Europe on a business and pleasure tour, but not officially. Referring to the mission of the monetary commissioners Mr. Lane said he had not expected anything better from the European governments. They were against bimetalism, but he was of the opinion that the people of this country would eventually adopt it independently of the European powers.

Worms in Children.

Mother Gray's Sweet Worm Powders used by Mother Gray, a nurse in Children's Home, New York, cure feverishness and destroy worms. At all druggists 25c. Sample FREE, Address, Allen S Olmstead, LeRoy, N. Y.

"TAMA JIM," of the Agricultural Department, believes that every foreign embassy should be provided with an agriculturist who can make intelligent observations and reports specially relating to agricultural and horticultural conditions in those countries for the benefit of the American farmer in enabling him to know what he has to compete with abroad and at home. The secretary is right. Other countries have their representatives of agriculture here watching every experiment and development among our agriculturists and fruit growers with a view to utilize information gained for the benefit of their countries, but we are wofully behind them in this respect. The conseqeence is that this country annually imports millions of dollar' worth of product which our farmers could raise themselves if they had authentic information on the subject.

THE RAILS SPREAD.

Terrible Accident on a Virginia Railroad Thursday

FOUR PEOPLE ARE NOW DEAD

Cause of the Accident as Viewed From the Standpoint of Those Who Should Know Something About It.

NOTABLE PEOPLE WERE ON BOARD

CHARLOTTESVILLE, Va., Nov. 4.—The Chesapeake and Ohio vestibule express, known as the F. F. V., from Cincinnatti to Washington was wrecked near Old Shadewell, five miles east of this place. this afternoon at 1:25 o'clock. Four persons were killed and seventeen injured.

The cause of the accident has not been definitely ascertained, but it is believed to have been due to spreading rails. The engine left the track on a sharp curve and was hurled against a rocky hill. All of the cars except the dining car and the Richmond sleeper were derailed. Two cars plunged end foremost down the steep embankment, and one of them went into the Rivanna river, which at this place skirts the track. The day passenger coach and the express car were badly wrecked. As the locomotive plunged from the rails and overturned, Engineer Duke was hurled from the cab and crushed under the engine, besides being terribly scalded by escaping steam. He was rescued by his fireman and the conductor.

As soon after the crash as possible the uninjured passengers and trainmen began the work of rescue and aiding the injured. Word was sent to this place and a wrecking train with physicians was immediately dispatched to the scene of the wreck. The body of Henry Burnett, the colored porter, was the last recovered. He was terribly mangled, having been in the baggage car. A foot supposed to have been his was recovered, and later a portion of the head. The body was literally dismembered. Mareno had both legs cut off and died at the hospital at Charlotteville.

Among the injured passengers on the train were Senator Orville H. Platt, of Connecticut; Commissioner of Patents H. Clay Evans and Representative Walter Evans, of Louisville.

The local railway officials after investigating the cause of the accident declare that it was not due to spreading rails, though they are unable to give even a theory. They state the tracks at this spot are true and examination revealed that they are tied securely.

One of Two Ways.

The bladder was created for one purpose, namely, a receptacle for the urine and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort, The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty four hours; a sediment or settling indicates kidney or bladder trouble, The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kinney, and bladder remedy is soon realized. If you need a medicine you should have the best. At druggists fifty cents and one doller. You may have a sample bottle and pamphlet. both sent free by mail. Mention REPUBLICAN and send your address to Dr. Kilmer & Co., Binghampton N. Y. the proprietors of this paper guarantee the genuineness of this offer.

MR BRYAN made numerous speeches during his recent tour through Ohio, but reading one was reading them all.

Insist Upon Getting Out.

Lima, via Galveston, Tex., Nov. 3.—The Premier and his colleagues in the Cabinet insist upon the acceptance of their resignations, tendered last week, on account of a vote of censure which Congress proposes to pass upon the government because of its failure to promulgate various measures enacted by the special session of Congress last year.

While the Presidents' final decision has not yet been made public. it is believed in well informed quarters that he has accepted the resignations.

Try Allen's Foot Ease.

A powder to be shaken into the shoes. At this season your feet feel swollen and hot, and get tired easily. If you have smarting feet or tight shoes, try Allen's Foot-Ease. It cools the feet and makes walking easy. Cures and prevents swollen and sweating feet, blisters and callous spots. Relieves corns and bunions of all pain and gives rest and comfort. Try it to-day. Sold by all druggists and shoe stores for 25c. Trial package free.
Address, Allen S. Olmstead Le Roy N. Y.

Chickens Cost Forty Dollars.

Near Sunbury a few nights ago a man stole a number of chickens from a widow, but in doing so dropped his pocketbook containing forty dollars. The widow found the money, and has announced that the owner can have the same by calling for it. Up to yesterday the widow had not received any calls for the money.

Peruvian Bitters.

LAFAYETTE, IND., Aug., 6 1893
AUNT RACHAEL SPEER;

I have been using your Peruvian Bitters of late for malarial fever that I have not been entirely rid of for the past two years until now. I must say your Bitters beat everything I used it only six weeks and began to improve the first week. I am now well and hearty and feel young again, even now in this very hot weather.

Stabbing affray at Williamsport.

At Williamsport Wednesday night during an altercation in a saloon, John Fisher, of Philadelphia, stabbed John Hemperly in the back. Fisher was arrested. Hemperly was not seriously wounded.

THE freight traffic of the West keeps the rails bright. Railroad rails; not Popocratic rails against prosperity.

Dr. Miles' NERVE PLASTERS cure RHEUMATISM, WEAK BACKS. At druggists, only 25c.

—Mr. J. Watkins of this place, last Summer while picking berries on the mountain near Walker Settlement, found a "bee tree." Recently he took a friend with him and cut the tree down and obtained several pounds of honey. His friend, not understanding the peculiarities of wild honey bees, was badly stung, the bees getting inside his clothing in such large numbers that all his garments had to be taken off before he could be relieved.

How about that Dingley law Chinese wall? It don't interfere, apparently, with our export trade.

Open Confession.

The preacher was having a sort of test meeting by asking the congregation questions on their conduct.

"Now, brethern," he said, "all of you who pay your debts will please stand up."

In response to this there was an apparently unanimous uprising.

"Now," said the preacher, asking the others to sit down, "all those who do not pay will please stand up."

One man alone arose,

"Ah. brother," said the preacher, "why is it that you, of all this congregation of brethern, should be so different?"

"I don't know, parson," he replied, slowly, as he looked around over his friends and acquaintances in the meeting, "unless it it that I'm not a liar and 'cause I can't get what the people round me owe me."

No-To-Bac for Fifty Cents.

Guaranteed tobacco habit cure makes weak men strong, blood pure. 50c. \$1. All druggists.

THANKSGIVING PROCLAMATION.

Governor Hastings Designates Thursday November 25, as the Day.

HARRISBURG, November 8,—Governor Hastings issued the following Thanksgiving proclamation this afternoon:

In pursance of the proclamation of the president of the United States, and in accordance with the custom existing from the foundation of the commonwealth to set apart and observe one day in each year as a day of thanksgiving and prayer:

I, Daniel H. Hastings, governor of the commonwealth of Pennsylvania, do hereby designate and set apart Thursday, the twenty-fifth day of November as a day of thanksgiving and prayer to Almighty God.

We have abundant and unusual cause for gratitude. No pestilence has invade our borders and peace has prevailed. The willing hand of labor has found employment, industry has been rewarded, and the field and farm have yielded bounteous harvests. God's love has spared our lives, made our home happy, increased our devotion to county, and should inspire a nobler manhood and a grander statehood. Let Thanksgiving Day be one of praise and rejoicing: let the family circle be re-united and ties of home and fireside strengthened. May our usual places of worship be filled with God-fearing, thankful and patriotic worshipers and may the influence of the day's observance find fruition in years to come in that rectitude of life that devotion to home and country that performance of every duty which shall be well pleasing to him and let the best pledge be the bountiful hand with which we remember the needy and unfortunate who dwell in our midst.

Given under my hand and the great seal of state at the city of Harrisburg, the fifth day of November, in the year of our Lord one thousand eight hundred and ninety-seven, and of the commonwealth the one hundred and twenty-second.

DANIEL H. HASTINGS

By the Governor, DAVID MARTIN.
Secretary of the Commonwealth.

IT is to be expected that Democrats will deny that the Dingley law has anything to do with the return of prosperity to the country.

"THERE is no delay in pay days now; there is no scrip payment to men for labor, but cash, and that cash is as good as gold."—Senator Hanna, at Cincinnatti, O., Oct. 29, 1897.

Catarrh Means Danger.

Because it unchecked it may lead directly to consumption. Catarrh is caused by impure blood. This fact is fully established. Therefore, it is useless to try to cure catarrh by outward applications or inhalants. The true way to cure catarrh is to purify the blood. Hood's Sarsaparilla, the great blood purifier, cures catarrh by its power to drive out all impurities from the blood. Thousands of people testify that they have been perfectly and permanently cured of catarrh by Hood's Sarsaparilla.

"A perfect type of the highest order of excellence in manufacture."

JURY COMPLETED.

Surprising Progress Made in the Guldensuppe Trial.

NO TROUBLE IN FINDING MEN.

A Short Revamping of the Old Story Which Everybody Knows—Mrs. Nack's Case Comes Up Later On.

THORN HAS SHOWN NO NERVOUSNESS

NEW YORK, November 8.—Surprising progress was made to-day in the trial for murdar of Martin Thorn, the barber, in Queens county court of oyer and terminer, at Long Island City, and when court adjourned the jury had been completed. It had been expected that the obtaining of the jury would be a long and tedious process, owing to the wide publicity that had been given to the crime with which Thorn is charged and the supposed prejudice against him.

The jurors are: Jacob Bumsted, Michael Mulgandon and John Kinsey, farmers; Frank E. Marsh, saloon keeper; Charles J. Nichols, oyster man; Mangus Larsen, contractor; John E. Conklin, mechanic; David B. Wheeler, printer; John C. Shlegel, janitor; Peter Waters, grocer; T. D. Bellows, real estate broker; Joseph L. Townsend, farmer. The court then adjourned until to-morrow.

Thorn, in complicity with Mrs. Augusta Nack, is charged with the murder of William Guldensuppe, a Turkish bath attendant, portions of whose multilated body were found last June in the East river and in Ogden's wood's north of the city. Guldensuppe had lived with Mrs. Nack, a mid-wife, and quarreled with her shortly before his disappearance. He had also fought and beaten Thorn in her flat, Thorn and the woman were arrested soon after the discovery of the remains, and Thorn latter confessed his guilt to two men who had shared his cell at different times.

It is alleged that Mrs. Nack lured Guldensuppe to a cottage in Woodside, L. I., where she said she was about to establish a baby farm, that in a room in that cottage, Thorn waylaid and shot Guldesuppe afterwards severing his head and dismembering his corpse, that the fragments of the body were then disposed of where they were found and that the head, encased in plaster of Paris, was given to Thorn's brother-in-law, who dropped it into the ocean from a fishing steamer, not knowing the nature of the thing, except that it was of an incriminating nature.

Thorn in court to-day showed no trace of nervousness.

MAKE IT PUBLIC.

Publicity Counts—That's What the People Want—Bellefonte Expression on the Subject.

Make it public.
Tell the people about it.
Gratitude promotes publicity.
Grateful citizens talk.
They tell their neighbors—tell their friends.
The news is to good to keep.
Everybody should know about the little conqueror.
"Bad backs" are numerous.
So few understand the cause.
Many Bellefonte people are learning.
And better still they're being cured,
Weak backs are lame no more.
This is the everyday labor in Bellefonte.
Of Doan's Kidney Pills.
Our citizens are making it public.

Mr. G. H. Bradt, of 121 Penn. Stret, Gardener, says." I had been suffering at times with a lame back and pains over my kidneys. I was at times so lame it was most painful to straighten up after sitting or stooping and any lifting or turning suddenly hurt me exceedingly. I read about Doan's Kidney Pills and saw some Bellefonte people who had been cured by using them and I procured a box from F. Potts Green's drug store. They removed the troubles at once and I have had no difficulty with the secretions since while before I was much embarrassed by them. I can highly recommened Doan's Kidney Pills for I have had no trouble with my kidneys since I used them, and that was several months ago."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y. Sole agents for the U. S. Remember the name Doan's and take no substitute.

NEW YORK FASHIONS.

Trimmed Skirts; Fur Capes; Collarettes; Metal Belts; Handkerchiefs; Roman Scarfs;

Individual fancy has full scope in respect to skirt trimmings. as the newest costumes show extremes in both directions; the ornate styles however seem most appropriate to plain fabrics, as those in figures or combinations of color require little or no trimming.

Black brading is now fully under way, but plain, narrow black braid is always genteel, attractive, and much less expensive than that in fancy patterns.

Skirts are not wide the most economical being cut in five gores, quite plain at the front and sides, but for evening or full dress, seven gores are considered necessary.

Some skirts open up the front, over a braided or embroidered V, and this may easily be done at home, adding greatly to the general effect. Tucks even in heavy cloth have not passed out of style, often so narrow as to be mistaken for cords.

EVERYBODY WILL WEAR FUR

this season, from the superb seal or Russian sable garment, to the cheapest edging on a half-worn material— simply because it is in such enormous demand. Fur capes have decreased in width, but no change in length is apparent. A seal or Persian lamb blouse, is the leading novelty in fur, with small sleeves and four elegant enameled buttons at the front and a metal belt around the waist. Many fur capes now have yokes, admitting of attractive combinations of fur, which however was earlier in the season a doubtful matter; but as Mr. C. C. Shayne, (the autocrat of the fur trade) is exhibiting Persian lamb and Alaska sable in one garment, mink and Persian lamb, or seal and chinchilla that fact sets the matter at rest.

Collarettes are varied in size, combination and style of collar, a novelty being of Persian lamb, narrow on the shoulder, with a point at the front reaching the waist (giving exactly the effect of a large revers) the back not so deep, finished by mink tails and little heads, a cluster at either shoulder, at the two front points, and at the back.

THE RIPPLE COLLAR

is also new, but has not displaced the "Imperial." Chinchilla enjoys renewed prestige; dividing favor with royal ermine for evening wear. Muffs are large, and a style with very full edges is supposed to be a companion picture to the "ripple collar". Neck boas are large, and ornamented with few or many tails, as price depends principally upon the number. Narrow fur trimmings never were so popular, and street or reception costumes, independant waists, hats and ball dresses do homage to the prevailing fancy.

AS A CONSEQUENCE OF THE BLOUSE

comes metal belts, so beautiful and expensive, yet adding such lustre to a velvet, blouse. Upon a French gilt foundation are set imitation jewels, finely cut steel or squares and points of cats' eye or malachite, connected by flexible wire, the clasp outshining even the belt.

THE MOST STYLISH

handkrchiefs have narrow hems edged by real Valenciennes lace and hand-embroidered sprays within the hem. On this basis, prices run up to $35. apiece, these last, having an edge in scallops, with a large hand-embroidered design in each scallop and finished by inch wide Valenciennes.

Plainer styles have narrow colored bands between rows of imitation lace; colored butterfly wings in an embroidered figure producing a novel effect, and turning from this department to that of perfumery, it is noticeable the old time favorite Murray & Lanman's Florida water, so far from losing prestige, is more in favor than ever. Roman scarfs of all kinds are extremely fashionable, the wide ones being used as sashes, and the narrow ones tied below linen collars, or folded twice around the neck and arranged in a flat bow at the neck and arranged in a flat bow at the front. As a matter of course fringed end are essential.

Verona Clarke.

Marriage as a Joke.

From the Philadelphia North American.

The Boston University Theological School faculty has requested the withdrawal from the institution of Rev. George A. Reader, who last Thursday performed the marriage of a notoriety-seeking couple in a lion's cage at the Boston Zoo. This action on the part of the authorities of the school is perfectly right, and will be upheld by every one who respects the sanctity of the marriage ceremony. It is a pity that the right of the offending parson to perform such a ceremony cannot also be taken away at the same time.

SPANISH COUNCIL.

It Approves of the Proposal of Political Amnesty.

CUBA AND THE PHILIPPINES

Not Nearly So Belligerent as it Was and Really Says a Good Thing About Uncle Sam and the Rest of Us.

AUTONOMIST LEADERS SUCCUMB

MDARID, November 7.—The cabinet council has approved the proposal of political amnesty for Cuba and the Philippines. The government denies that the action to be taken with regard to the remarks made by Lieutenant General Weyler to the deputation that waited upon him shortly before he left Havana is the result of any suggestion on the subject received from Washington. No communication has been received from the American government on that matter.

El Liberal referring to "Mysterious threats made in New York by people in seperatist affairs" and to the "Revelation of gigantic immoral speculation" says:

"No doubt anxiety has been greatly increased during the last twenty-four hours. It is known that the Cuban revolutionary committee is trying to place war bonds among filibusters offering ridiculous and imaginary guarantees. The committee proposes also to stamp dollar pieces redeemable when the Spanish troops have evacuted Cuba. We have done everything to assure peace in Cuba and have thereby acquired the good will of Europe and international right Therefore we shall not tolerate offensive interference, and we can meet tranquilly any complications arising out of such interference. We do not believe the United States government will associate itself with these adventurers but even should this happen we must not deviate from the line of conduct that honor and duty dictate."

The government has received a cable message from the autonomist leaders in Cuba accepting on behalf of the party the appointments tendered representative autonomists on the nomination of Marshal Blanco, among them the provincial governorships, which have been assigned as follows: Province of Havana, Senor Jose Bruzon; province of Pinar Del Rio, Senor Marios Garcia; Puerto Principe, Senor Rafael Vasalli; Santiago De Cuba, Senor Enrique Caprilles. Senor Francisco De-Armas, a reformist, has been appointed governor of Matanzas province.

The senators and deputies of the old Spanish Cuban party met yesterday and renewed their protest against any scheme of home rule for Cuba.

According to a cable message from Havana the court martial to-morrow will try only such members of the crew of the Competitor as are American citizens.

Severe Pains

Caused by Stomach and Liver Troubles—Could Not Eat or Sleep—Great Weakness—Now Entirely Cured—Hood's Sarsaparilla Did It.

"I suffered for about five years with stomach and liver troubles and tried different remedies without much benefit. I had spells of vomiting which would last for a long time and I suffered severe pain. I could not eat or sleep. I was very weak and could hardly walk across the room. While suffering one of those terrible spells my husband urged me to try Hood's Sarsaparilla. Finally I consented and after taking the first bottle I was greatly benefited. I have now taken three bottles of Hood's Sarsaparilla and am cured. I have not had any of those bad spells and can eat anything I wish." MRS. WESLEY FREDENBURG, Box 69, Catskill, N. Y.

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier. Sold by all druggists. $1; six for $5.

Hood's Pills cure nausea, indigestion, biliousness. 25 cents.

No Heart to bad to be Cured.

Testimony could be piled high in commendation of the wonderful cures wrought by Dr. Agnew's Cure for the Heart. No case stands against this great remedy where it did not relieve the most acute heart sufferings inside of thirty minutes It attacks the disease in an instant after being taken.—29.

Sold by J N & S Krumrine.

Illinois Law Unconstitutional.

CHICAGO, Nov. 5.—The Supreme Court of this State has just handed down a decision of great interest to insurance men all over the country. The State of Illinois has a law that insurance under the Lloyd's plan may not be transacted in the State of Illinois. John A. Barnes, who issued policies in various Lloyds not authorized by the State Insurance Department, was fined $500, and he went to the courts, represented by Attorney Myron H. Beach, of Chicago.

The Supreme Court has decided that Lloyds may transact business in the State, and that the law which seeks to prevent them from so doing is unconstitutional. This throws the doors wide open to insurance men from other States whom Illinois has tried to keep out, as the court says that what has been granted to citizens of Illinois may not be denied to others.

WASHINGTON LETTER.

From Our Regular Correspondent.

WASHINGTON, Nov. 8, 1897.

President McKinley and the members of his cabinet would doubtless be much amused at the persistence with which new war scares are launched through the columns of the yellow journals, if the subject were not too serious and important to be regarded from a jocular point of view. Seeing how easy the scares have been floated and with what avidity they have been pushed along by the gullible, a gang of Wall street speculators got up one and according to the financial reports, they succeeded in fleecing thousands of easily frightened speculators out of large sums of money by using their war scare to hammer down prices of speculative stocks. As long as people will swallow any sort of a crazy story that unscrupulous newspapers may choose to print, it will be impossible to stop this sort of thing. Of late, the Navy Department cannot order a vessel to be repaired or the General of the army cannot discuss the need of additional coast defenses without it being taken in some quarters to mean that war is expected in a few days. The only remedy is for sensible people to exercise their sense in the choice of the newspapers they read. As a matter of fact, while the yellow journals of New York and the speculators of Wall street were hysterical over the alleged danger of war, the President and his cabinet were quietly attending to the routine duties of their position, not dreaming of such an awful thing as war. It would be expecting too much of perverse human nature that this country would never again engage in war, but it can be truly said that there is no danger of the good people of the country going to sleep some night in peace and the next morning to find the country at war. President McKinley desires no war, and expects no war with Spain or any other country. Peace and prosperity are what he wishes continued.

The keystone of the instructions given to Consul General Lee, who will return to Cuba this week with the expressed intention of remaining until the war is over, was watchfulness of the persons and American citizens in Cuba, and in order to impress those instructions the more strongly upon the mind of General Lee, they were given in person by President McKinley. There are no new developments concerning the relations between this country and Spain and none are expected in the immediate future, sensational rumors to the contrary notwithstanding.

The annual report of Hon. H. Clay Evans, Commissioner of Pensions, has been made public. It shows the net increase in the total number of pensioners for the year ending June 30th, last, to have been 5,336, and the total number drawing pensions on that date 976,014. There are still seven widows and nine daughters of revolutionary soldiers drawing pensions. Among the important recommendations of the report are the publication of a complete list of pensioners, and the adoption of legislation by Congress that will prohibit the payment of a pension to the widow of any soldier of the war of the rebellion who shall marry after the date upon which such law shall go into effect.

Washington republicans are much interested in the selection of a republican successor to Senator Gorman by the Maryland legislature.

Some People's Folly.

Why some persons will suffer with the excruciating pangs of rheumatism, when they can be so easily cured by that greatest of pain-cures, Salvation Oil, is past human comprehension. That Salvation Oil does cure rheumatism is evidenced by Mr. G. F. Schrader, Pierce, Neb., who says: "I have used Salvation Oil and think there is no liniment on earth like it. I had the rheumatism for several months and could get no relief until I used Salvation Oil, two bottles of which effected a cure, and I feel as well as ever. No home should be without it." Salvation Oil is sold everywhere for 25 cents. When dealers offer a substitute beware, you'll be victimized. Insist on having the best, Salvation Oil.

For Sale by C. M. Parrish.

Ladies Who Suffer

From any complaint peculiar to their sex—such as Profuse, Painful, Suppressed or Irregular Menstruation, are soon restored to health by

Bradfield's Female Regulator.

It is a combination of remedial agents which have been used with the greatest success for more than 25 years, and known to act specifically with and on the organs of Menstruation, and recommended for such complaints only. It never fails to give relief and restore the health of the suffering woman. It should be taken by the girl just budding into womanhood when Menstruation is Scant, Suppressed, Irregular or Painful, and all delicate women should use it, as its tonic properties have a wonderful influence in toning up and strengthening the system by driving through the proper channels all impurities.

"A daughter of one of my customers missed menstruation from exposure and cold, and on arriving at puberty her health was completely wrecked, until she was twenty-four years of age, when upon my recommendation, she used one bottle of Bradfield's Female Regulator, completely restoring her to health."

J. W. HELLUMS, Water Valley, Miss.

THE BRADFIELD REGULATOR CO., ATLANTA, GA.
SOLD BY ALL DRUGGISTS AT $1 PER BOTTLE.

Location makes that interest perfectly natural, but in addition to that is the fact that four of the gentlemen who are being talked of as probable candidates are as well known to Washington people as any citizen of Washington. They are, Judge McComas, who was put upon the bench of the supreme court of the District of Columbia, by President Harrison after having made an unusual record in Congress for the length of time he served; Postmaster General Gary, whose business like administration of his great department has made him hosts of new friends and admirers; Governor Lowndes, who has always been popular in Washington, and Representative Mudd, whose qualities as an all around nervy political fighter have made him liked by the rank and file of the party. Others have been named in connection with the Senatorship, but it is this quartette in which Washington republicans are most interested. With such men to choose from, there is no liklihood that the Maryland legislature will make a mistake.

Now that the entire results of last week's election are discernable, it is seen that our friends, the enemy, have been at their old game of shouting victory when there was no victory. About the only place the democrats won anything substantial was in New York City, and, unless Tammany has changed for the better since it was last in power, that victory will, in the end, be harmful to the democratic party at large. The republicans have gained another senator and learned some useful lessons on the necessity of party harmony that will be certain to bear results in the future. Success of the party, not of an individual, is the motto that can never be departed from without danger.

Don't Neglect a Head Cold.

Catarrh will result if you do. If you have Headache, Foul Breath, Pain in Forehead, Dropping in the Throat, Dryness in the Nose, it indicates this troublesome disease. Dr. Agnew's Catarrhal Powder will relieve a cold in 10 minutes and will cure Chronic Catarrh. No failure sure, safe, pleasant and harmless.—30.

Sold by J. N. & S. Krumrine.

Ambassador White on Cuba.

MADRID, Nov. 5—The government has expressed its satisfaction with the statements of the United States Ambassador to Germany Dr. Andrew D. White, on the subject of Cuba, as reported in Tuesday's issue of the Vienna Tageblatt, where he is represented as saying in the course of an interview that the Americans "will patiently await the realization of autonomy and when it is realized the relations between Spain and the United States will return to their normal condition."

This statement of Mr. White is regarded in officials circles as accurately reflecting the real opionion of the American government, and as virtually repudiating anything to the contrary in the much-discussed article by Mr. Hannis Taylor in an American magazine, although Ambassador White did not mention Mr. Taylor's name.

The government received a cable message from Marshal Blanco to-day saying that "the Autonomist Party in Cuba is reorganizing," and that "several families who had emigrated are returning to the island."

American Beauty.

Women of American have a type of beauty peculiar to themselve The climate, habits, and social peculiarities have combined to produce a type of womanhood quite distinct from the women of other countries. It has become almost an everyday occurrence for the nobility and royal blood of Europe to cross the water in search of an American beauty, for the United States has become famous throughout the world. The American beauty is a peculiar product of this country. She has, however, one formidable enemy, not only to her beauty, but to her health as well. That enemy is indigenous to the climate and soil of the United States. It is called Catarrh. Almost every woman has it in mild or severe forms. Our climate makes it well-nigh unavoidable. It is the only natural enemy the American woman has. Not only is the United States the home of catarrh, but it is also the home of the now world-famous catarrh remedy, Pe-ru-na. The medical profession has at last succeeded in devising a remedy for the well-nigh universal disease.

Dr. Hartman, the original compounder of Pe-ru-na, has a recent book on chronic catarrh which he will send free to any address for a short time. Address The Pe-ru-na Drug M'f'g Co., Columbus, O.

Ask your druggist for a free Pe-ru-na Almanac for 1898.

Governor Hastings Alarmed.

HARRISBURG, Nov. 8.—Gov. Hastings said to-day concerning the result of the election on Tuesday: "There is no use in hiding the cause of the formidable opposition to the Republican party in this state, and unless we get together we will be beaten next year," As to the vote cast for Swallow, he said it had no significance as far as his personality was concerned; that any other candidate, running under like circumstances, would have made as good a race. The vote in Centre county, he said, surprised him, as no Swallow sentiment of any consequence before the election was discernable and yet the Prohibition candidate for State Treasurer polled a vote of nearly 1,500 votes in the county.

Attorney General McCormick said the Swallow vote in Lycoming county, which exceeded that of Beacom and Brown, Republican and Democratic candidates for State Treasurer, went beyond all estimates.

Dover, N. H., Oct. 31, 1896

MESSRS, ELY BROS. :—The Balm reached me safely and in so short a time the effect is surprising. My son says the *first* application gave decided relief. I have a shelf filled with "*Catarrh Cures*." Tomorrow the stove shall receive them and Ely's Cream Balm will reign supreme. Respectfully. MRS. FRANKLIN FREEMAN.

Cream Balm is kept by all druggists. Full size 50c. Trial size 10 cents. We mail it.

ELY BROS., 56 Warren St., N. Y.City.

Heard Protests Against Charters.

HARRISBURG, Nov. 9.—Secretary of the Commonwealth Martin heard argument on the protests against the granting of charters to the Gas Work company and several other gas companies in Philadelphia and vicinity. The Equitable illuminating Gas Light company is the principal protestant. It has an exclusive charter for Philadelphia. ℔A. Carson Stamm, of this city, and J. S. White, of Philadelphia, represented the protestants. Silas W. Petit and J. D. Judkin, of Philadelphia, appeared for the applicants.

A Church Centennial.

Emanuels church at Tusseyville, Centre county, is the oldest church plot in that section of the state and this being its centennial year the event will be commemorated by appropriate services

Emanuels church is one of Centre county's land marks. It has abundant history to celebrate a most interesting centennial.

As early as 1797, says the history of Centre county, William Earley, Esq., deeded the land upon which the present church is built. In 1810 a small log chuch was constructed, and the Reformed congregation formally organized by Rev. Henry Rossman in 1812. In the year 1837 a new church was erected. A few years ago the church was handsomely remodeled and the audience room frescoed.

CURING ABRASIONS.

Caused by Foot Ball Occasioned on Battlefields Recently.

U. OF P. IS IN BAD SHAPE

If the Victims Come Around They May Do Some Good—Yale Played With the "Scrubs" in Need of Practice.

PRINCETON MAY PULL THROUGH

PHILADELPHIA, Nov. 8.—The University of Pennsylvania football team was put through very hard practice this afternoon in a pouring rain.

The 'Varsity was lined up for forty minutes' hard play against the Scrub. The regulars scored three times, while the Scrub managed to cross the 'Varsity line once on a fumble There was considerable fumbling on both sides, due to the condition of the field.

Pennsylvania is having trouble with the end positions owing to injuries to both Dickson and Boyle. Dickson has played very little of late on account of a bad knee, which gives out at the least provocation. Boyle, the other end, has not lined up since the Brown game, in which he quite severely injured his right leg. Now Hedges, the substitute end, who has been doing the bulk of Jackson's work, is on the hospital list with a sprained shoulder, which will keep him out of the game for a week or more. Boyle is expected to be in good shape for the game with Wesleyan next Saturday and Dickson will be able to go in against Harvard on the 20th. The other members of the team are all in good condition.

NEW HAVEN, Conn., Nov. 8.—The Yale University football team, this afternoon, began the process of closing up its ranks preparatory to its great game with Harvard at Cambridge on Saturday. The 'Varsity played great football, Every man on the team thoroughly understanding the Yale game proved a present and the rehearsal of tricks, intricate formations and signals was a success. The college side was given the ball during the greater part of the practice, but the 'Varsity ripped the scrub wide open. Once the substitutes succeeded in making a long gain, but it was around the end of the line, a point where Yale's most serious weakness is evident. When the University eleven had possession of the ball it was a case of tearing through the opposing line at will despite the fact that their opponents knew the signals. Altogether the afternoon's practice was extremely encouraging.

PRINCETON, N. J., Nov. 8.—To-day's practice by the Princeton football players was the lightest of the season. Many of the men were tired and sore from the severe playing in the contest with Lafayette, and the coachers kept them out of the game altogether. Five minutes was the time play lasted. The regulars took the ball on the scrubs 40-yard line and pushed it up the field for a touchdown Only mass plays were used. To-morrow the length of halves will be extended to twenty minutes each.

Pill-Fame.

10 cents a vial for Dr. Agnew's Liver Pills would not make them the fame they enjoy to-day if the curative qualities were not in them. Worth will get to the top and that accounts for the wonderful demand for these little gems. They positively cure Constipation, Biliousness, Sick Headache.—32.

Bullet-Proof Armor.

NEW YORK, Nov. 5.—A public exhibition was given in the Twenty-third regiment armory in Brooklyn to-day by W. Leonard Foote, inventor of the "bullet-proof auto-dynamic armor," and was witnessed by several foreign officials and others interested in armor. A Winchester and a Krag-Jorgensen rifle were used in the test, and a block of the armor about 2½ inches thick was used, A number of bullets were fired at it, but in no case did any of them go through or leave a mark of entrance. Mr. Foote, previous to the exhibition, stated that a similar material has been used three years ago, but since that time it had been improved. It is now perfect, according to the inventor, who says that it is equal in resistance to a ¾ inch gun shield of hard steel, and does not require the same amount of care to keep it from rusting or scaling, as steel does. It is lighter than steel, weighing less than half as much.

Previous to the test of Mr. Foote's material, a Krag-Jorgensen rifle was used on a ¼-inch plate. The bullet went through it, as it also did through fifty pine boards eight feet thick. In the case of the inventor's material, the bullet from the Krag-Jorgensen rifle penetrated, but after it did so, the hole closed entirely, leaving an unbroken surface, the bullet remaining in the shield. The Winchester failed to penetrate. Mr. Foote, after the test had been pronounced a success, stated that his invention is about 50 per cent lighter in the ratio of resistance of steel for ship armor shields. When penetrated by bullets, the puncture instantly closes, thus keeping out the water. The material being non-magnetic, according to the inventor, it is especially valuable for use on bridges of naval vessels for shields. Count Goetzen, a military attache at Washington and Gen. D. T. Mertwago of the Russian navy were present at the exhibition,

Much in Little

Is especially true of Hood's Pills, for no medicine ever contained so great curative power in so small space. They are a whole medicine chest, always ready, always efficient, always satisfactory; prevent a cold or fever, cure all liver ills, sick headache, jaundice, constipation, etc. 25c. The only Pills to take with Hood's Sarsaparilla.

Hood's Pills

CORRESPONDENCE

Centre Hall Items.

The grangers have broke ground for a new building.

Mr. Lawyer cut his foot with an axe while cutting wood the other day. Dr. Jacobs was summoned and put three stitches in it. He is reported getting along as well as can be expected.

Mrs. Samuel Crotzer and Mrs. Jeff Shaeffer were taken to Philadelphia by Dr. W. A. Jacobs to have operations performed.

Rev. J. M. Rearick, Rev. Christie, Mr. Bushman and Lester Jacobs were out hunting the other day. The game was as follows: Rev. Rearick—Rev. Christie shot a pheasant. Mr: Bushman shot at a rabbit, and Lester Jacobs a red squirrel. Good. What does the editor think?

Mrs. John Stewart was a pleasant caller at the home of her sister, Mrs. Dr. Jacobs, over Sunday.

Our water plant has been delayed till it is decided by Supreme Court. Hurrah for who?

Mr. Lester Jacobs and Mr. Karstetter took in the Corbett and Fitzsimmons fight at Bellefonte the other night. They report it fine.

Edward Rhule has started a new bakery up in Centre Hall. Success to him.

State College Notes.

The Pine Grove boys will spend the last two weeks of the season hunting deer in Stone Valley.

The College band will furnish the music for the drills on the campus in the future.

Dr. John F. Harter moved into his new house on Tuesday, Nov. 2.

Geo. Graham moved his barber shop into the room recently vacated by the P. O.

Photographer Smith and family will return to Millheim on the 9th inst. Mr. Smith will make State College his permanent place of residence in the near future.

Mr. Thos. Beaver, son of ex-Governor Beaver of Bellefonte, captain of company A, and Mr. Curtin, also of Bellefonte, captain of company D, of the P. S. C. cadets, have both recently resigned.

Our full back, Hayes, who has been housed for the last two weeks with a sprained knee resulting from play on the grid iron, is recovering and will take his position on the 13th at Williamsport.

Tuesday morning Nov. 2nd at 10 o'clock, young Woomer, who is employed at the University Inn was found near the barn in a dead faint. The young man is what is commonly known as a cigarette fiend, and his illness has been brought about by the use of too many of the disgusting things. He was unconscious for ten hours and it was thought that his illness was fatal. But thanks to a strong constitution he is recovering again. He says that he has seen the folly of smoking cigarettes, and has quit the use of them.

It is to be hoped that others will follow the example of young Woomer and stop using the things that are killing more people than the stump speeches of Billy Bryan, the defeated candidate for president in 1896.

Howard Hailings.

Mr. Harry Wilson, of Lock Haven, and Miss Kunes, of Eagleville, were guests at the home of the former's brother a few days last week.

Mrs. Greath, of Reading, arrived in Howard last week, where she will spend several weeks at the home of her mother, Mrs. Bernada Lauthe.

Dr. L. R. Hensyl transacted business in Bellefonte on last Friday.

Mr. Charles Schenck, formerly of this place now of Philadelphia, has returned home, where he will make a visit among relatives.

Mrs. Cheeseman and daughter, of Washington, D. C., are visiting at the home of the former's sister-in-law, Mrs. Mollie Baker.

Mr. Emanuel Fletcher, one of our esteemed townsmen, is lying critically ill at his home. His condition is so serious that it was thought expedient to telegraph for his son Edward, who is employed in Brooklyn.

Mr. Grant Hoover, an insurance agent, of Bellefonte, transacted business in our town last week.

Minister of War Stabbed.

LONDON, Nov. 6.—A dispatch to the Times from Rio Janeiro says: "At 1 o'clock this afternoon (Friday) a soldier of the Tenth Batallion, which constitutes part of the local garrison, attempted to shoot President Moraes with a pistol.

"The President was just landing at the Marine Arsenal, after visiting the steamer on which Gen. Barbosa, Minister of Marine, had returned from Bahia.

"The bystanders frustrated the attempt, but Col. Moraes, the President's nephew, was slightly wounded in disarming the soldier.

"Gen. Bittancour (Gen. Marcado Betancourt), Minister of War, then interferred, and was himself stabbed. The wound was so serious that he died soon afterward. The attack has caused the greatest agitation throughout the city."

Dr. Prudente J. de Moraes Barros, President of the United States of Brazil, was inaugurated for a term of four years on Nov, 15, 1894 in succession to President Peixoto. He had previously been president of the Brazillian Senate.

In his first cabinet the Minister for war was Gen. Bernard Valasquez, who on May 1st, resigned and and was succeeded by Gen. Marcedo Bitancourt (Bittancour), who is presumably the Minister of War referred to in the foregoing dispatch.

Wolcott at the White House.

New York, Nov. 8.—Senator E. O. Wolcott, of Colorado, left this city this afternoon to see president McKinley and Secretary Gage and report to them the result of his mission abroad. The Senator spent several hours to-day with bankers, discussing the monetary situation.

Senator Wolcott reached Washington last evening. He went immediately to his home, where he remained about half an hour, and then went to the White House. Senator Wolcott, it is understood, made an informal report of the results of the commission's visit in Europe. The Senator declined to talk for publication.

The Enemy Is Ours!

The grippe usually leaves the sufferer in a very feeble condition, with a persistent cough and other premonitory symptoms of pulmonary affection. Dr. Bull's Cough Syrup promptly administered at the beginning of an attack of grippe, will forestall that dangerous enemy to life—consumption. Mrs. Maggie Tulga, Ironton, Ohio, says: "It affords me much pleasure to bear testimony to the merits of Dr. Bull's Cough Syrup. I had been a sufferer from the grippe for a week, I tried a bottle of Dr. Bull's Cough Syrup, and after taking it, was completely cured of the dreadful cough and disease. I cheerfully recommend it to all sufferers." Dr. Bull's Cough Syrup is sold everywhere for 25 cents.

Sold by C. M. Parrish.

Told by an Eye-Witness.

When Hamlin Garland was gathering material for the "Life of Grant" he spent a day or two in Atlanta, where he met an old Virginia negro who said that he had witnessed Lee's surrender. Garland was interested and questioned him closely.

You say you were present when Lee surrendered?"

"Dat I wuz, sah!"

"Did you see Lee give up his sword?"

"No sah, I didn't. Gin'rul Lee give up he sword? Not him. Dey tried ter take it frum him, but he made a pass at one er two of dem and dey lef off—I tell you,"

"And where was Grant all that time?"

"Oh, he wuz righ dar, sah! En he tole em, he did, 'Welf boys, let him keep the weepon. He can't do much damage kase he done whipped anyhow.'"—Atlanta Constitution.

Give Us the Information.

A local newspaper is often accused of bias in regard to giving personal notices—of mentioning the coming and the going of some and omitting of others. The fault is with the people and not with the editor. He is always willing, and even anxious, to tell who comes and goes, if he can only find out. If you have visitors let us know who they are and where they are from; if anything happens in your vicinity let us know of it; if there is a party at your house furnish us with the particulars; if you know of anything worth printing let us know about it, You will find us as ready to notice one as another, patron or otherwise, friend or foe. Our object is to give the news.

HOOD'S PILLS cure Liver Ills, Biliousness, Indigestion, Headache. Easy to take, easy to operate. 25c.

The fac-simile signature of Chas. H. Fletcher is on every wrapper.

Killed While Shadowing a man.

ATLANTA, Ga., Nov. 8.—Patrolman J. T. Ponder was killed here to-night at 7 o'clock, while he was shadowing a supposed burglar who had entered the wholesale whisky house of L. Steinau. The officer saw a man enter the building, and he followed him. When the officer struck a match to light his way, he was fired upon five times by an assassin. He died in a few minutes.

Early this morning, the business of Steinau was placed in the hands of a receiver, and Officer Ponder knew the house had been closed by the Sheriff when he saw the man enter the building. The police intimate that some member of the firm, endeavoring to secure money from the vault, entered, and finding himself discovered, killing the only eye-witness, who was Officer Ponder.

Steinau was immediately placed under arrest, and is now being subjected to a critical examination. Other members of the firm are under arrest, and the investigation has created a tremendous sensation in the city,

When the receiver left the building this afternoon he locked the big vault and turned the combination. After the assassination the vault was found unlocked and a bunch of keys were picked up near the vault, All who are under arrest deny knowing anything about the tragedy.

Thin Slices of Beef for Seamen.

SAN FRANCISCO, Cal., Nov. 8.—A tale of cruelty and starvation on the high seas was told to-day in the office of United States District Attorney M. S. Foote, by four or five forlorn, weak, and scurvy-stricken sailors, members of the American ship John A. Briggs, of San Francisco. They swore to a complaint, charging Capt. J. W. Badch with having misused and starved his men, while First Mate Johnson also will be arrested for cruelty and beating and wounding sailors on the high seas.

The Briggs sailed from Baltimore a little over five months ago, bound for this port. Before a month had passed the potato supply was exhausted, and from then until the close of the voyage no vegetables of any sort were served the sailors. Three times a day the crew was served with one-half of a small loaf of bread, making about four slices, and two thin slices of salt beef, or junk, cut so thin that the poor sailors could about see through it. Before Cape Horn had been reached two of the men, Charles Jervek and George Nichols, were attacked with scurvy, and the entire crew had been driven to such desperation that in order to save their lives they were compelled to eat the grease used to lubricate the masts. It is charged that First Mate Johnson beat Jervek terribly on several occasions because illness and starvation prevented his prompt obedience to commands. Jervek's arm and nose were broken. On August 3 Johnson beat Abel Peterson into insensibility for the same cause. Others were badly abused.

ELY'S CREAM BALM is a positive cure. Apply into the nostrils. It is quickly absorbed. 50 cents at Druggists or by mail; samples 10c. by mail. ELY BROTHERS, 56 Warren St., New York City.

COURT PROCLAMATION—Whereas, the Honorable J. G. Love, President Judge of the Court of Common Pleas of the 49th Judicial District, consisting of the county of Centre, and the Honorable Cortis Faulkner, Associate Judge in and for Centre county, having issued their precept, bearing date of the 21st day of October, 1897, to me directed for holding a Court of Oyer and Terminer and General Jail Delivery and Quarter sessions of the Peace in Bellefonte for the County of Centre and to commence on the 3rd Monday of November, being the 15th day of November 1897, and to continue three weeks. Notice is hereby given to the coroner, justices of the peace, aldermen and constables of said County of Centre, that they be then and there in their proper persons, at 10 o'clock in the forenoon of the 22th with their records, inquisitions, examinations, and their own remembrances to do those things which to their office appertains to be done, and those who are bound in recognizances to prosecute against the prisoners that are or shall be in the jail of Centre county, be then and there to prosecute against them as shall be just.

Notice is also hereby given and by virtue the precept of the Judges aforesaid, issued as aforesaid, there will be held a regular court of Common Pleas, for the trial of civil cases, beginning on Monday, November 22nd, 1897 at 10 o'clock, upon which all persons summoned as jurors are required to attend.

Given under my hand, at Bellefonte, the 21st day of October, in the year of our Lord 1897, and the one hundred and twenty-first year of the independence of the United States. W. M. CRONISTER, Sheriff.

NIMROD'S PALATIAL HOME.

Formal Opening of the Nittany Rod and Gun Club-House.

AND SENATOR COCHRAN ENTERTAINS

Club Members Enjoy a Dainty Feast and Listen to Entertaining Addresses—Brief Sketch of Game Preserve.

IT IS A PRINCELY DOMAIN

The following interesting account of the opening of the Nittany Rod and Gun Club House is taken from Fridays Williamsport *Sun*, and *Banner*, and is from the pen of James W. Sweely:

The Nittany Rod and Gun club was formally opened yesterday, a number of Williamsporters going up on News express to Hecla park. The opening was a highly successful one and all the members present agreed that the club starts out under most excellent auspices. At 5 o'clock an elaborate game dinner was served, the following being the menu:

Bouillon En Cup.
Celery
Blue Fish, maitre de hotel.
Parisienne Potatoes. Sliced Tomatoes.
Broiled Pheasant.
Saratoga Chips. Green Peas.
Oyster Patties. Quail on Toast.
Asparagus.
Shrimp Salad.
Bent's Crackers, Fromage de Brie
Coffee, Cigars.

Hon. J. Henry, Cochran, president of the club, to whose generous hospitality the members were indebted for the dinner, acted as host. After dinner speeches were made by himself, Judge Love, Frank Warfield, J. W. Gephart, Andrew Brockerhoff, John M. Dale, Esq., S. T. McCormick, Esq., Ellis L. Orvis, Esq., Thomas Blyth, F. C. Smink, James P. Coburn and C. E. Sprout, Esq., who also sang a solo.

Those present were: J. Henry Cochran, C. E Sprout, E. R. Payne, S. T. McCormick, C. S. Horton, James W. Sweely, F. H. Payne, Williamsport; John G. Love John P. Harris, James P. Coburn, Ellis L. Orvis, William P. Humes, John Blanchard, A. Brockerhoff, Harry Keller, J. M. Dale, Frank Warfield, J. W. Gephart, Bellefonte; Charles W. Wilhelm, F. C. Smink, Reading; J. H. Weaver, Philadelphia; Barton Pardee, S. Kistler, N. W. Fredericks, Lock Haven; Cyrus Gordon, Clearfield; Thomas Blyth, Madera; A. Allison, W. F. Speer, J. L. Montgomery, D. S. Dunham, John J. Walsh, D. F. Fortney, George T. Bush, William Grauer.

A very gratifying test of the possibilities of the Nittany Rod and Gun club was madeyesterday when Fred H. Payne and and Clarence Sprout bagged twenty quail within two hours and not more than a quarter of a mile away from the club house. The trout stream is one of the finest natural streams in the state and is reached by a five minutes' walk from the club house, whence it traverses the mountain. It is fed by springs and the club territory covers enough of it to afford members eight miles of mountain fishing. The stream is of good size and most picturesque. Sixty-three dams have been erected in its bed and a foot-walk has been placed alongside extending for miles. The stream is being stocked with large trout and as it contains abundance of natural food, followers of Izaak Walton look forward to much sport next April.

The club house, which is the old Gregg mansion renovated, is delightfully located at the base of the mountain, with a fine orchard and the old Hecla furnace, abandoned long ago, back of it, while in front there is a commanding view of level country, where thousands of beautiful Nittany valley's broad acres stretch miles before the view. Not far away are the celebrated Penn caves. The house, of the colonial type, which architecture, supplemented with yellow paint, has been retained, to the credit of the esthetic taste of the indefatigable "Andy" Brockerhoff and Frank Warfield, is a large, commodious structure of three stories, with spacious piazzas on three sides of the first and second stories. It is equipped with all modern conveniences, electric call bells, complete plumbing, toilet and sanitary appointments, and the furnishings and decorations are in keeping throughout.

There are now under lease the game and fishing privileges of 12,000 acres and this will be increased to 30,000. The success of the club is assured and it will no doubt become one of the finest game preserves in this or any other state.

The following description of the club house is from the pen of D. S. Dunham, correspondent of the Grit:

The club house has a front of 50 feet and a depth of 80. A porch of 15 feet in width extends 80 feet in length on the front and the two sides of the building. There is a balcony over the porches 16 feet wide, that extends the same distance as the porches. On the first floor there are six rooms, most exquisitely and superbly furnished, the blue room, red room, reception room, dining room, kitchen, and toilet and bath room attached. The second floor contains 20 rooms for sitting and sleeping apartments, richly furnished, with bath and toilet rooms attached. The rooms are supplied with open brick fireplaces, at present the fuel used being wood. The house inside and out is finished in the Old Colonial style of architecture, and was designed by Robert Cole & Co., architects, of this place, and constructed under the supervision of Mr. Joseph Fox, contractor and carpenter. The house is supplied throughout with fine water, piped from a spring on the mountain near by. It is the intention of the club to heat the building next year by means of hot water pipes.

The grounds around the house are laid out in circular walks, with flower beds between them, and are shaded by fir, locust and maple trees. The house and grounds surrounding cost the club about $5,000, and the total amount thus far expended on the preserve is about $6,500.

"YES OR NO?"

Miss Tennant First Declined and Then Accepted the Great Explorer.

A pretty story of how Henry M. Stanley wooed and won Miss Dorothy Tennant, though coming to us from private sources has been made sufficiently public to avert the charge of undue personality. Miss Tennant, it is well known, was the original of Sir John Millais's famous picture. "Yes or No?" It seems that Stanley had asked the question and the reply was "No."

The great explorer went to Africa again, and after several years returned to London to find himself the most talked-of man of the day.

The thought of Miss Tennant was still uppermost in his mind, and he resolved that his first visit should be to her home. In his impatience for the morrow he turned over the cards and notes with which the table was strewn and, selecting one haphazard, decided to while away the time by attending a certain reception.

The first person he met there was Miss Tennant; they greeted each other formally, but later in the evening Stanley retired to a small anteroom, to find that Miss Tennant had likewise sought solitude. A somewhat embarrassing silence ensued, broken at last by the woman saying with the manner of one "making conversation":

"Do you find London much changed, Mr. Stanley?"

"No. I haven't found London changed, and I've not changed, either," returned the explorer with his usual intrepidity. "Have you?"

"Yes, I've changed," answered Miss Tennant, softly.

A few days later Millais received a note from his former subject, beginning:

"My Dear Sir John: The momentous question has been at last decided. It is a joyful and triumphant 'yes!'"
—Youth's Companion.

A CURIOUS COFFIN.

No Ordinary, Every-Day Affair to Hold the Remains of the Captain.

Capt. Lord Charles Beresford is nothing if not original, and is determined to be so even in death. For he has resolved to be buried, not in an ordinary coffin, but in a casket fashioned in the form of a boat, which has just been constructed for him by Messrs. Windram, of Liverpool. The build of the boat is of the style known as "caravel," the material being of pine, West African mahogany, oak and elm.

It is seven feet long, and looks like a double-ended lifeboat, without, perhaps, quite as much sheer as is usually found in such craft. She is provided with a wooden deck, or cover, extending fore and aft, and fitted lid-fashion to go over the gunwale. Life-lines are fixed round her, and she is supplied with a couple of cars, a rudder and a tiller.

The inside, upholstered by a leading London undertaker, is very inviting, and altogether the boat is one of the most attractive coffins that it is possible to conceive.

Lord Charles does not propose to follow the example of Sarah Bernhardt and of other notoriety-crazed actors and actresses who carry their coffins about with them, but has resolved to leave it in the care of his undertaker, with whom it is to remain until the time comes for the gallant and popular sailor to "slip his cables" and to have his queer lifeboat moored until the Day of Judgment in the family vault of the noble house of Beresford at Curraghmore, in County Waterford, Ireland.—New York World.

STRANGE AFRICAN RACE.

One Time Invaluable as Slaves and Could be Captured in Thousands.

Queer stories are told of the Dokos who live among the moist, warm, bamboo woods to the south of Kaffa and Busa in Africa. But four feet high, of a dark olive color, savage and naked, they have neither houses, temples, fire, nor human food. They eat mice, and serpents, diversified by a few roots and fruits. They let their nails grow long like talons, the better to dig for ants and the more easily to tear in pieces their favorite snakes.

The Dokos used to be invaluable as slaves, and they were taken in large numbers. The slave raiders used to hold up bright-colored cloths as they came to the woods where these human monkeys still live, and the poor Dokos could not resist the attractions offered by such superior people. They crowded around them, and were taken in thousands.

These people have a queer habit of speaking to Yer with their heads on the ground and their heels in the air. Yer is their idea of a superior power, to whom they talk in this comical way when they are dispirited or vexed, or tired of ants and snakes. The Dokos seem to come nearest of all people yet discovered to that terrible cousin to humanity, the ape.

THE BEHRING SEA.

Another Interesting Phase Has Now Developed.

IS UNCLE SAM TO BE BEATEN

Canadian Officials to Pull English Chestnut Out of the Fire if Such a Thing May Be Permitted.

SOME VERY SHARP DIPLOMACY

WASHINGTON, NOV. 5.—A new phase of the Behring sea negotiations developed to-day when the state department was advised that Sir Wilfred Laurier, premier of Canada, and Sir Louis Davies, minister of marine and fisheries in the Laurier cabinet, would come here early next week to take part in the negotiations. The British Embassy was not advised, however, and it was understood that the British foreign office was equally unaware of the fact that the chief officials of Canada would come to Washington to treat in person the subject. Up to this time the British authorities had strenuously insisted meeting was to be confined strictly to an exchange of technical information between experts and they have resisted any larger consideration of the subject which would involve general principles. Lord Salisbury's letter to Secretary Sherman carefully limited the meeting to one of experts and in execution of this Professor Thompson was named as the British expert, and Professor MacCoun as the expert of Canada. Notwithstanding this strict limitation adopted in London, the two chief officials of Canada will come to Washington prepared to discuss the subject from a much broader standpoint than any thus far conceded in London. How far they will be able to treat concerning Behring sea reciprocity or other subjects is a question of interesting conjecture. The state department is much gratified at their coming, as it is felt to offer the first prospect of considering the sealing question on broader lines than heretofore.

Sir Wilfred Laurier is regarded as the head of that element in Canada favorable to the most cordial relations with the United States. The liberal party, of which he is the leader, came into power on the issue of closer commercial relations with the United States. The conservative party resisted this as tending toward the annexation of Canada to the United States and disloyal to the mother country. Sir Wilfred has not been an annexationist but has favored the most liberal trade arrangement with the United States. Heretofore his efforts and those of his party associates towards securing a reciprocity treaty with the United States have been unavailing but within the last few days the state department has intimated that it would view with favor negotiations for reciprocity between Canada and the United States.

The coming of Sir Wilfred is at this time of more than usual interest, not only on its bearing on Behrinh sea negotiations, but also in connection with Canadian reciprocity.

STATE OF OHIO, CITY OF TOLEDO, } ss
LUCAS COUNTY.

FRANK J, CHENEY makes oath that he is the senior partner of the firm of F. J. CHENEY & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of CATARRH that cannot be cured by the use of HALL'S CATARRH CURE.

F. J. CHENEY & Co., Toledo, O.

Sold by Druggists, 75c.

Hall's Family Pills are the best.

—A jolly set of hunters left here this Saturday morning, Nov. 6, for their camp on Six Mile run, where they will hunt deer for the next two weeks. The party is composed of Recorder J. C. Harper, Capt. H. S. Taylor, and Messrs. John Q. Miles, Joseph Rightnour, John Trafford, Will Cassady of Bellefonte, J. W. Bowman of Pittsburg, Daniel Smith and Abednego Stephen of Clearfield, and Frank Hess of Philipsburg. Six Mile run is located in one of the wildest parts of the Allegheny mountains.

LONG-TAILED JAPAN ROOSTERS.

Washington Has One That Sports Tail Feathers More Than Ten Feet Long.

The Japanese are a proverbially patient people, and are continually astonishing the world with examples of the care they will bestow to bring about results taking years or even a lifetime to complete. They resemble the Chinese in this respect, and the success which crowns their efforts would only be possible in a country where the life of a human being is held greatly at a discount, where wages are infinitesimal, and where patience is one of the greatest inheritances received from previous generations. Many people are familiar with various examples of the uncomplaining resignation of the Jap and Chinaman to the belief of their more crude forefathers in the stunted feet of women. Many are also familiar with the minute horses which it has been possible to breed a species of animal which, by gradually decreasing in size through the judicious crossing of years, finally results in a perfect animal.

The small trees with which we are coming to grace our Christmas tables in these later days is another example of this inherent patience. A tree so minute that it can be held in the palm of one's hand—a tree still growing and having life as perfect and productive as our own enormous apple trees—seems a tale almost beyond credence; but added to this is still another manifestation of the adaptability of nature, for on the wee branches are the most perfect of apples, so small as to be unrecognizable, but still as perfectly formed and as rosy as the New England apple.

The National Museum has received an example of the powers of the Japs in this mode of stock breeding which cannot be found anywhere else in this country. The fowl in question is a rooster. This rooster probably would not impress one as different from the ordinary barnyard chanticleer were it not for the enormous length of the tail. The tail is exactly 10 feet 6 inches in length, and remarkable for its great beauty. From the back of the rooster extend a dozen long filament feathers, any one of which would be long in the ordinary fowl, but three of the feathers reach the great length stated. They are of a bright peacock blue, and present a beautiful coloring, especially in the sunlight.

This fowl was the pride of a Japanese farmer and it took a large amount of money to induce him to part with the prize. Generation after generation he and his fathers had watched the fowls of the yard. Those developing an extraordinary length of tail were kept by themselves and tended carefully. In time were raised other chickens with longer tails than their progenitors, and from these were bred other fowls, until the farmer's labors were rewarded by the magnificent specimen now in this city. Every action of the fowl was watched so that no injury might come to the beautiful tail; the yard pavement was made as smooth and as free from vermin as the ingenuity of the breeder could suggest. No rough framework on which the feathers might tear was allowed, and that the rooster might be protected from danger to his adornments through the pugilistic tendencies of the other birds, he was isolated with only his mate for company.—Washington Post.

THE QUEEN'S JUBILEE CARPET.

The Design represents the Possessions of the British Empire.

Twelve women tied the 4,262,400 stitches in the special royal carpet used by the Queen at the great state ceremonies at Buckingham Palace, in commemoration of the sixtieth year of her Majesty's reign, says the New York Tribune:

The idea of a special carpet and its design were originated by H. R. H. Princess Mary Adelaide, Duchess of Teck, who took the greatest interest in every detail of the making. The design is symbolical of the strength, dominion and unity of the Queen's vast empire.

The ground of the carpet is of the richest crimson on which are found lighter shades of the same color. In the center is the Garter of royal blue and gold, surrounding the monogram "V. R. I.," and these encircled by the crown, from which flow two ribbons, bearing the dates 1837-1897. The four corners represent respectively, India by the tiger, Australia by the kangaroo, Canada by the beaver and South Africa by the elephant. Each animal is supported by a chaplet of oak, symbol of the mutual strength of Great Britain and her colonies, and each surmounted by the crown of imperial supremacy. Connecting these corners and entwined by a broad ribbon of blue are the rose, shamrock, thistle and lotus, on a ground of ivory color, the whole framed in with a band of oak leaves in gold or ruby.

The size is 16 feet and 9 inches by 16 feet and 5 inches. The yarn employed was the best English grown, and the pile is nearly an inch thick. This magnificent carpet was the combined gift of the Duke and Duchess of Teck, their family, and some sixty counties, represented by women secretaries of the British Silk Association, promoters of British industry.

"Do you know," he said, as he made a savage lunge at the mosquito that was boring a half-inch hole in his ear, "that a mosquito reminds me of a good Christian."

"How is that?"

"Well," with a slap at his other ear, "they certainly love those that hate them."—New York Journal.

COULD NOT EAT.

A Woman's Strong Constitution Wrecked. Effects of a Treacherous Disease. A Wonderful Case.

From the Bulletin, Monroe, La.

Mrs. Stephen Robbins is the wife of a prominent farmer living on a large and well-kept plantation just at the edge of Monroe, La. They have resided in this community but two years, having moved here from Illinois. The change was made for the benefit of Mrs. Robbins' health, her physicians having advised her that it was the only hope of her ever regaining her lost health.

"Three years ago this last winter," said Mrs. Robbins, "I was very sick with that most treacherous disease, the grippe. I had a very severe time with it, but was able to get out after being confined to my home several weeks. I think I went out too soon, for I immediately contracted a cold and had a relapse, which is a common occurrence with that disease. For several more weeks I was confined to the house; and after this I did not fully recover until recently. I was able to get out again, but I was quite a different woman.

"My former strong constitution was wrecked, and I was a dwindling mass of skin and bones. My blood was thin and I had grown pale and sallow. My lungs were so affected that I thought I was going into consumption. During my illness I had lost thirty pounds in weight. I tried to regain my strength and former good health by trying different medicines and physicians, but nothing seemed to help me. My appetite was gone, and when I ate the food it would not stay on my stomach.

"The only thing my physician said for me to do was to take a change of climate, and on his advice I came here. At first I seemed benefited, but to my sorrow it proved to be only temporary, and in a few months I was in my former condition. The color had left my cheeks, I had no energy, and life was a misery. I had become a burden to myself and family. Finally I happened to read in a newspaper of how Dr. Williams' Pink Pills for Pale People had effected a miraculous cure with the same disease which a neighbor of mine had in Illinois.

"On the strength of this testimonial I decided at once to give the medicine a trial. I accordingly sent for a box of Dr. Williams' Pink Pills for Pale People, and gave the pills a thorough trial. I did not notice any change till I had tried the second box. I was discouraged a little with the result of the first box, but knowing that I should not expect a sudden cure of such a chronic case as mine, I tried the second box with the result that I immediately began getting better. I used five boxes of these pills and was completely cured, as you see me to-day, weighing more than ever before."

As evidence of the truthfulness of her story Mrs. Robbins volunteered to make the following sworn statement:

"I hereby affirm that the above statement is every word exact and true."

"MRS. STEPHEN ROBBINS.

"Monroe, La., March 2, 1897."

"Subscribed and sworn to before me, a Notary Public in and for the Parish of Winn, State of Louisiana, this the 2d day of March, 1897. AMOS R. JESSUPS, *Notary Public.*"

Dr. Williams' Pink Pills for Pale People contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effect of la grippe, palpitation of the heart, pale and sallow complexions, all forms of weakness either in male or female. Pink Pills are sold by all dealers, or will be sent postpaid on receipt of price, 50 cents a box, or six boxes for $2.50 (they are never sold in bulk or by the 100) by addressing Dr. Williams' Medicine Company, Schenectady, N. Y.

Elder Wm. Tennison

OF BUFKIN, IND.,

Tells of the Great Benefits Derived From Dr. Miles' Heart Cure.

HEART DISEASE of long standing is not easily cured, but it IS CURABLE. Elder Wm. Tennison writes: "I was afflicted for thirty-five years with heart disease, in fact, troubled with it nearly all my life; I think it hereditary as my father was afflicted with it. I have suffered great distress, my heart palpitated to such an extent as to shake my whole body. So distressing was it I could only with great-est difficulty compose myself to sleep. About two years ago I began taking Dr. Miles' Heart Cure. The first bottle gave me no perceptible benefit, but after taking the third I began to feel much relief and I continued for some months. I have good reason to believe the cure is permanent.

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and nerves sent free to all applicants.

DR. MILES MEDICAL CO., Elkhart, Ind.

ANOTHER SAD DEATH.

A Mother Passes Away to a Brighter Home.

On Friday morning at 10 o'clock Mrs. Katharine McDowell, wife of P. E. McDowell, of Mackeyville, passed into the realms of the "Golden City." She has been a very patient sufferer for the last thirteen years, as she suffered a stroke of paralysis about that time and ever since then her whole left side has been powerless. About two weeks ago she had another severe stroke, which she never recovered from so yesterday God ended her sufferings and took her to that home she so often longed for.

Mrs. Katharine Conley McDowell was born in Mifflin county, April, 1819. She had reached the ripe old age of 78 years. When she was a very small girl not yet in her teens she joined the Presbyterian church, and has been a consistent member and worker ever since. How great her reward and how full of stars her crown of rejoicing shall be.

She leaves a kind husband and five loving children to mourn her gain and their loss. The children are as follows: Mrs. John Blair, of Belle Centre, Ohio; Mrs. James Allison, of Seaman. Ohio; Mrs. S. H. Bennison, of Walker, Mrs. J. E. Tibbens, of Beech Creek, and Harry T., her youngest child and only son, of Walker, Centre county.

To these her children and this husband, we extend our heart felt sympathy in these sad hours of bereavement. The funeral services were held at the McDowell home at Mackeyville, and interment took place in Jacksonville on Monday November 8th, at 10 o'clock a. m.

Don't Tobacco Spit and Smoke Your Life Away.

To quit tobacco easily and forever, be magnetic, full of life, nerve and vigor, take No-To-Bac, the wonder-worker, that makes weak men strong. All druggists, 50c or $1. Cure guaranteed. Booklet and sample free. Address Sterling Remedy Co. Chicago or New York.

Laid to Rest.

The funeral of the late Mrs. David Kerr took place on Friday morning at ten o'clock from her lovely home near Centre Hill Long before the time appointed for the funeral services the home was crowded with sorrowing friends.

We really cannot describe the loveliness, and perfectness of the day, but it seemed as though God himself was smiling on receiving one of his most saintly of saints to his home above. The sun shone so brightly that it brightened all who were present. The very impressive services were conducted by the Rev. Faus a very able Methodist minister. He spoke very beautifully on the life of the deprated one. So many good things he told of her that it would be impossible for us to mention them. The body was taken to Centre Hall where it was interred. We were told that it was one of the largest funerals ever took place in Penns Valley. The pall-bearers were Messrs. Wm. Bible, Geo. Goodhart, Wm. Spangler, Robt Smith, James Strohm, and Edward Allison.

The Centre Hall Water Case.

The supreme court, last week, in session at Pittsburg, handed down the following order: The Centre Hall Water company, appellent, vs. borough of Centre Hall, et al. Rule is awarded returnable first day of January term, 1898, at Philadelphia, to show cause why the borough should not be restrained from further proceeding with the construction of borough water works until event of equity proceedings for permanent injunction. In the meantime it is ordered that defendants be restrained from proceeding with construction of said works until the decree on the rule to show cause.

Further Particulars of the Shooting Affray at Millheim.

Below we give the particulars of the shooting affray at Millheim, which occurred Wednesday evening at half-past ten.

Dr. J. O. Mohn, who has been practicing his profession in Millheim for about a year got into an altercation with an old umbrella mender in the bar room of the Musser house, when Mr. Huey, the bus driver for the hotel, interfered which led to words and finally to blows between him and Mohn, who had been drinking heavily. Huey knocked Mohn down who promptly jumped to his feet, and drawing a 32 calibre revolver fired at him, the ball taking effect in the left hip. Mr. Huey was taken care of by bystanders while Mohn started for his home. Dr. Frank was sent for who probed for the ball but was unable to locate it. Huey is said to be in a precarious condition.

Constable P. P. Leitzel was apprised of the shooting and at once proceeded to arrest the doctor. He rapped, pounded and called but received no answer, and finally concluded to set a guard around the house, which he did until morning when another effort was made to make the arrest, whereupon Mr. Mohn coolly came down stairs and said he had had a good sleep and never heard any disturbance during the night. He declared that he shot in self-defense and made no effort to resist. He was brought to Bellefonte on Thursday afternoon by Constable Leitzel and lodged in jail to await the result of Huey's injury.

Mr. Mohn is a native of Snyder county, his home being at Centreville, and is of good family. His father, John Mohn, is an ex-county commissioner and a good man. Mrs. Mohn has been absent from her husband for some two months and is reported lying ill at the home of her father, 'Squire Shinkel, at Centreville.

An Enjoyable Gathering.

On Tuesday Nov. 2, at the home of Mr. and Mrs. Benjamin Gentzle. their daughter Bella gave a very enjoyable evening in honor of her friend Miss Elsie Burd, of Shamokin. The following persons were present: Misses Elsie Burd, Bella Gentzle, Minnie Waite, Annie Emmil Annie Kline, Kate Sheffler, Edna Campbell, Leah Lingle, Clara Gentzle, Della Noll, Kate Armbruster, Sallie Gessenger and Grace Reichard. Messrs. George Hazel, Harvey Schaffer, Clyde Sheffler, Frank Cole, Loyd Smith, Joseph Gessenger, Andrew Knisely, Allen Waite, Ed Rine, Orrie Kline, Samuel Calhoun and Harry Miller.

Everybody Says So.

Please buy and try a box of C. C. C. to-day; 10, 25, 50 cents. Sold and guaranteed to cure by all druggists.

Wandered Away.

Information is wanted by the wife and children of George Schmerer of 563 Bedford street, Johnstown, Pa., who wander-away Sunday morning, Oct. 24, while temporarily deranged as a result of illness. When last seen he was on the Bedford pike going toward Geistown.

Schmerer is aged 45; is 5 feet 8 inches in height; weighs about 140 pounds; has a brown mustache and brown hair, and wore when he went away a blue coat, a checked vest and black working trousers.

Any information regarding his present whereabouts and leading to his return to his distressed family will be thankfully received by the undersigned.

Mrs. George Schmerer,
563 Bedford Street, Johnstown, Pa.

Another Hunting Accident.

John H. Kline, Jr., and Frank Smith, two Penfield hunters, were out hunting on Laurel Run and Kline pulled his gun after him when getting under a log. It was discharged and the load of shot lodged in his right arm. Dr. Kline, his father, and Drs. Hays and Smith extracted the shot as far as possible and fear that amputation may be necessary.

Harry Crain Gets the Position.

The Rush township school directors have engaged Harry Crain to teach the Point Lookout grammer school, which has been without a teacher for a couple weeks. The school re-opened Monday, Nov. 1, and we believe Harry will be able to give satisfaction to all concerned.

THE RECORDS SHOW CURES OF

Rheumatism

BY THE USE OF ST. JACOBS OIL OF CHRONIC CRIPPLES AND OF BED-RIDDEN INFLAMMATORY CASES. THERE'S NO DENYING, IT CURES.

Twenty-Seven Cats in a Robe.

J. F. Hoy, of Spring township, was in town Tuesday Nov. 2, exhibiting a pretty and what appears to be a very warm robe which he made himself. The skins of twenty-seven domestic cats were used and so nicely are they put together as to give it a very striking appearance. Alternate rows of black, maltese, white and tiger cat skins run the entire width of the robe, being so joined as to look like one piece of fur. The whole back is lined with a pretty piece of robing and the edges finished with two rows of pinked flannel.

Complete Vote of Pennsylvania.

Philadelphia, Nov. 3.—The complete vote of Pennsylvania is as follows: For State Treasurer, Beacom (Rep.) 364,597, Brown (Dem.) 240,216; Swallow (Pro.) 116,153; Thompson (Ind.) 13,293. Beacom's plurality 124,381. For Auditor General, McCauley (Rep.) 400,695; Ritter (Dem.) 260,164; Lathrope (Pro.) 55,882. McCauley's plurality 140,531. The total vote for State Treasurer is 734,259, as compared with 767,807 in 1895 and 1,194,355 in 1896. Dr. Swallow, the Prohibition candidate, has a plurality in ten of the sixty-seven counties.

The Travelers' Fair.

The work of organizing the national fair for Commercial Travelers, to be held Feb. 28th to March 5th at Madison Square Garden has been launched under very favorable auspices. The aim of the fair is to increase to the greatest possible extent the building fund which is to complete the American Home for aged or disabled commercial travelers, their dependent families or wives and orphans. The Home is already partially built, and its site on the South Mountain just outside the beautiful and progressive city of Binghamtons New York, affords one of the finest views that is to be had in the United States.

Manager Chasseaud's office is in the Tower at Madison Square Garden, and he is receiving a mail which is daily augmented that brings encouraging news of what the travelers and their friends propose to do to make the fair a success, that through its philanthropic services it deserves to be.

To Cure Constipation Forever.

Take Cascarets Candy Cathartic, 10c or 25c per box.

Rulisons Successor.

Many Bellefonters will be interested in the following. Bishop Satterlee, of Washington. D. C., preached the sermon at the memorial service to the late Bishop Rulison of the Protestant Episcopal diocese of Central Pennsylvania on November 6, when a special convention was held in Bethlehem to choose his successor.

Among those who are mentioned for the vacant bishopric are Rev. Allan Sheldon Woodle, of Altoona; Rev. Dr. William Bodine of the church of Our Savior, Philadelphia; Dr. Lindsay, Boston; Dr. McKay Smith, Washington; Dr. H. C. Swentzel, Brooklyn; Rev. Rogers Israel, Scranton; Rev. C. Foley Williamsport; Dr. Angell, Harrisburg and Rt. Rev. Bishop Tabot, missionary bishop of Idaho and Wyoming. There will be 100 clergy and 150 laymen in the session.

The Judges Wilt.

London, November 4.—There was an extraordinary case heard before the lord mayor's court to-day, where a man named Hinds sued the Prince of Wales to recover 60,000 pounds ($300,000) alleged to have been wrongfully paid him by the late Under Sheriff Croll, who was the liquidator of the United Kingdom Electric Telegraph company. The plaintiff declared the money belonged to a certain Mr. Allen, of whose estate he was the assignee. Hind's father claimed the sum of 150,000 pounds ($750,000) from Lord Suffolk, alleging that the latter had suborned Croll to commit perjury before Lord Bramwell at the trial in 1877, in connection with the liquihation.

Sir George Lewis, in behalf of the Prince of Wales and the Earl of Suffolk, asked that the proceedings be quashed on the ground that the allegations were nothing more than a frivolous and vexatious tissue of nonsense and he submitted an affidavit to that effect.

The plaintiffs then addressed the court, declaring that he had been told that the Prince of Wales received the money referred to and then proceeded to charge Lord Bramwell with defrauding Allen's widow out of 150,000 pounds in order to obtain promotion and a peerage.

The plaintiff was here stopped by the court with the warning to speak respectfully of judges. Finally the court stopped the case and dismissed the action, which was described as being "an abuse of the process of the court."

A Quite Wedding.

A quite but very pretty wedding took place Thursday morning Nov. 4, at eleven o'clock at the pretty little home of the Misses Morgans on Logan street. The contracting parties being, Miss Margarette Morgan and Mr. Charles Lockington of Woodland, Clearfield county.

Rev. Dr. Wright of the Episcopal church performed the ceremony that made this happy couple man and wife. Mr. and Mrs. Lockington received quite a good many handsome presents. One of the mostly costly, is there little home at Woodland, which is already furnished for them to go into. After the ceremony was performed they sat down to an elegant wedding breakfast, which was greatly enjoyed by all present. After the reception the bridal couple departed on the 1:05 train for western cities after which they will return to their home at Woodland, Pa. This paper joins in to congratulate Mr. and Mrs. Lockington, and wishes them many years of happy unity.

A Business Change.

John P. Harris, who for many years has held the responsible position of cashier of the First National Bank, has resigned that position, said resignation to take place on the 1st of next January. On that date Mr. Harris will assume the position of cashier of Jackson, Hastings & Company's bank, made vacant by the death of the late George W. Jackson. It is not definitely settled who will succeed Mr. Harris in the First National Bank but it is rumored that Wm. P. Duncan, of Philipsburg, will be the man.

Another Business Change.

Since the death of the late George W. Jackson, the flour and grain firm of which he was the head, have decided to retire from business to take effect the 1st. of December. They will be succeeded by a firm composed of the following named business men. W. Fred Reynolds, Joseph Montgomery and Curtis Wagner, They are capable business men with plenty of capital to back them and will no doubt make a success of the business. It is their intention to tear out all their old machinery and put in the new and latest inventions

This paper wishes them much success in their enterprise.

Don't bolt your food, it irritates your stomach, Choose digestible food and chew it. Indigestion is a dangerous sickness. Proper care prevents it. Shaker Digestive Cordial cures it. That is the long and short of indigestion. Now, the question is: Have *you* got indigestion? Yes, if you have pain or discomfort after eating, headache, dizziness, nausea, offensive breath, heartburn, langour, weakness, fever, jaundice, flatulence, loss of appetite, irritability, constipation, etc. Yes, you have indigestion. To cure it, take Shakers Digestive Cordial, The medicinal herbs and plants of which Shaker Digestive Cordial is composed, help to strengthen your stomach. When your stomach is strong, care will keep it so. Shaker Digestive Cordial is for sale by druggists, price 10 cents to $1.00 per bottle.

Zelaya's Brother Dead.

Managua, Nicaragua, Nov. 3.—Yesterday being the anniversary of the birthday of President Zelaya, he was the recipient of numerous congratulations. But the pleasure of the event was changed to gloom in the evening by the sudden death, from paralytic shock, of his brother, Senor Francisco P. Zelaya, himself an eminent citizen.

Hundreds attended the interment of the remains this morning, the National Band of Musicians and a regiment of soldiers forming part of the funeral cortege. Among those who went to the cemetery were Lewis Baker, United States Minister to Nicaragua; John Baker, Secretary to the United States Legation; the members of the Diet of the Greater Republic of Central America, and Senor J. D. Rodriguez, Minister of the Greater Republic of Central America to the United States.

What do the Children Drink

Dont give them tea or coffee, Have you tried the new food drink called Grain-O? It is delicious and nourishing and takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains, and tastes like choice coffee but cost about ¼ as much. All grocers sell it. 15c and 25c.

THE PRESIDENT'S TRIP.

Fulfilled His Mission as a Voter and Leaves Canton.

MAKES A STOP AT PITTSBURG

Honors the Cornegie Institute by his Presence on Founder's Day—Entertained by Prominent People.

GOV. HASTINGS AND WIFE THERE

Canton, November 3.—President McKinley having fulfilled the mission which brought him to Canton, that of franchise, left bright and early this morning eastward-bound, but with a stop or two scheduled before reaching the white house and his routine duties.

The departure occurred at 7.15 o'clock this morning and was as quiet as could be. The president and party were the sole occupants of a special train of four coaches on the Pennsylvania road. which left at that hour for Pittsburg, where the president is to be the guest of honor on Founder's Day at Carnegie library. The party was sleeping when the train pulled out, and there was scarcely a stir in the cars as the engineer was given the signal.

The president and his party went to the train shortly before midnight, and there received returns furnished them by special wires until they retired for the night. They are scheduled to reach Pittsburg at 10.30 a. m.

Pittsburg, November 3.—"Founders' Day" at Carnegie Library Art Gallery and Music Hall was ushered in with lowering clouds and a raw wind, but this did not deter large crowds from assembling at Union station and along the principal thoroughfares over which the parade escorting President McKinley passed on its way to the East End, hours before that event. At 11.05 a. m. the boom of a gun fired by a detail of battery B, of the National Guard of Pennsylvania, stationed on Bedford Basin, announced the arrival of the president at the Allegheny station of the Ft. Wayne railroad, and within ten minutes thereafter Pittsburg was doing honor to the president of the United States on his first visit to Pittsburg since his election,

The dark clouds which obscured the sun earlier in the day had been scattered and the sun shone forth with a pleasant warmth.

Before the last gun of the presidential salute had been fired the president had been met by the local committee of arrangements and had been escorted to the carriage waiting for him.

Mrs. McKinley and the ladies in the party remained on the train, which was taken to Shady Side, where they were met by Mrs. Robert Pitcairn, whose guests, they were at luncheon.

After President McKinley and party were seated in their carriages the procession moved in the following order:

Twelve mounted policemen in command of Assistant Superintendent of Police Solomon Coulson; Eighteenth regiment, Pennsylvania National Guard; President McKinley's carriage, which was occupied by William N. Frew in company with the president; carriage containing Governor D. H. Hastings, Mayor H. P. Ford, Congressman John Dalzell and Robert Pitcairn; carriage containing George L. Holliday, J. Addison Porter, private secretary of President McKinley; Rev. W. J. Holland, D. D., Ph. D., Senator Burrows and Samuel D. Warncastle, of the Carnegie institute board of trustees, followed by other carriages, containing the remaining members of the board of trustees; Fourteenth regiment, Pittsburg division, State Naval Militia, and battery B, the latter organization coming from its position on Bedford avenue and falling into line at New Grant street. Four mounted policeman rode with the president's carriage two on each side, from the Union station to the residence of W. Frew.

All along the route the president was greeted with cheers. which he acknowledged, frequently removing his hat.

When the head of the procession reached the Fifth Avenue high school, it was reviewed by the presidential party and then dismissed.

At the conclusion of the exercises of Founders' Day, President McKinley announced the awards decided upon by the committee as follows: Medal of the first class, J. J. Shannon, London, picture, "Miss Kittie," $1,500; second, Fritz Thanlow, of Paris, $1,000, "A Morning in May on the Banks of the Cauche:" third, J. Alden Weir, New York, $500, "Face Reflected in a Mirror." Honorable mention was made of Louis Paul Dessar, Paris for his picture. "Mending the Nets," and Wilton Lockwood, Boston, "Violinist."

At 11 o'clock the president and party boarded their special train at Shady Side station and left for Washington, where they are expected to arrive about 9 o'clock in the morning.

A Noted Dog.

Ajax, the $5,008 beauty, known as the "manhunter," instrumental in the capture of the noted desperado "Rube Burrows" in the Mississippi swamps, is with the Salter & Martin mammoth, original, Big 3-Car Uncle Tom's Cabin Co, He can be seen in their grand free street parade; the finest ever witnessed.

Worn Out?

Do you come to the close of the day thoroughly exhausted? Does this continue day after day, possibly week after week? Perhaps you are even too exhausted to sleep. Then something is wrong. All these things indicate that you are suffering from nervous exhaustion. Your nerves need feeding and your blood enriching.

Scott's Emulsion

of Cod-liver Oil, with Hypophosphites of Lime and Soda, contains just the remedies to meet these wants. The cod-liver oil gives the needed strength, enriches the blood, feeds the nerves, and the hypophosphites give them tone and vigor. Be sure you get SCOTT'S Emulsion.

All druggists; 50c. and $1.00.
SCOTT & BOWNE, Chemists, New York.

Where Reforms May Come.

Syracuse, N. Y., Nov. 4.—Miss Arie S. Huntingdon, democrat, daughter of the Episcopal bishop of Central New York, has been elected school commissioner for two years, leading the ticket in her class. She is a leader in several charitable enterprises and is a woman suffragist. She is the first woman to hold elective office in Syracuse.

Weyler had a Tough Time.

Havana, November 4.—Word has been received here that the steamer Montserrat, with Lieutenant General Weyler on board, arrived at Gibara, on the north coast of Cuba, 100 miles east of Puerto Principe, on Monday. Her engine was disabled, but it was conceeded that at the time the message was sent she would sail for Porto Rico on Wednesday.

Rural Delivery Successful.

The postoffice department has tried free rural delivery over forty-four routes in twenty-nine states, with such satisfactory results that it is looked upon as a feature to be probably added permanently to the postal system.

—The most awkward man in the world lives in the western part of Tennessee. He recently shot a dog belonging to another man, and in explaining the occurrence to the dog's owner, shot him. Later in showing how the tragedy occurred he shot the coroner with the same gun. Now he has been liberated on the promise that he will not try to explain it to anybody else. —Ex.

JOS. HORNE & CO.

65c, 75c and 85c a yard.

Please mention this paper when you write don't forget it.

525-527 Penn Ave., Pittsburg, Pa.

THE MAN WHO LIVED.

He should have been dead.

But he wasn't, because——

"There's nothing succeeds like success." There is no withstanding the living argument of the man who should be dead, who isn't dead, but who would be dead, but for a preserving medicine. That's about the way it seemed to strike Editor Lawrence, of the Ohio Farmer, Cleveland, Ohio. He was afflicted with one of those colds that have, thousands of times over, culminated in consumption, when not promptly cured. In this condition he met a friend, a consumptive, whom he had not expected to see alive. The consumptive friend recommended Dr. J. C. Ayer's Cherry Pectoral for the editor's cold, on the ground that it had "helped him wonderfully." It helped the editor just as wonderfully, giving "almost instant relief." But read his letter:

"About two months ago, I was afflicted with a bad cold, and, meeting a friend, he advised the use of Ayer's Cherry Pectoral which, he claimed, had helped him wonderfully. As he was a consumptive, whom I had not expected to see alive for several years, I concluded there must be merit in this preparation. I accordingly bought a couple of bottles, one of which I keep on my desk all the time. This is certainly the best remedy for a cold I ever used. It gives almost instant relief, and the J. C. Ayer Co. are to be congratulated on possessing the formula for such a very valuable remedy."—W. H. Lawrence, Editor, The Ohio Farmer, Cleveland, Ohio.

Keep a bottle of Dr. Ayer's Cherry Pectoral handy, on the desk, in the office, on the shelf or in the closet at home, and you will have at hand a remedy that is capable at any time of saving you suffering, money, and even life. There is no malady so prolific of evil results as a neglected cold. There is no medicine so promptly effective in curing a cold and absolutely eradicating its effects, as Dr. Ayer's Cherry Pectoral. Every traveller should carry it. Every household should keep it. It cures every variety of cough, and all forms of lung and throat trouble. Asthma, bronchitis, croup, and whooping cough, are promptly cured by it, and it has in many cases overcome pulmonary diseases in aggravated forms, when all other remedies failed to help and physicians gave no hope of cure. Those who for convenience have wanted a smaller sized bottle of Dr. Ayer's Cherry Pectoral, can now obtain it of their dealer in half size bottles, at half price—50 cents. Send for Dr. Ayer's Curebook, and read more of the cures effected by this remedy. The book contains 100 pages, and is sent free, on request, by the J. C. Ayer Co., Lowell, Mass.

The Bellefonte Republican

To CORRESPONDENTS.—No communication published unless accompanied by the real name of the writer.

Correspondents should write upon but one side of the paper and avoid the use of pale or fancy inks.

EDWARD T. TUTEN.

Local Department.

—The funeral of the late John Confer took place last Thursday morning.

Ex-sheriff Robert Cook of Howard transacted business in Bellefonte Thursday

—Rev. C. H. Goodling led the Gospel Temperance meeting in the W. C. T. U. rooms on Sunday afternoon.

—John Blair Linn is having a new slate roof put on his residence on Allegheny street.

—Thomas Meyers brought John Rupps Oak Hall roller mill, at sheriff sale for $3400,00.

—W. P. Young, formerly chemist for the Valentine iron company, in this place, is with the Davis coal and coke company at Thomas, W. Va.

—J. E. Johnston, a graduate from the Tuning department of the New England conservatory of music, was in town last week.

Catarrh, like scofula, is a disease of the blood and may be cured by purifying the blood with Hood's Sarsaparilla.

—George R. Meek, of the *Democrat Watchman*, has been appointed trustee of the T. R. Reynolds estate. George W. Jackson dec'd was the former trustee.

—Henry T. Hall has been appointed postmaster at Lock Haven. He is the present District Attorney of Clinton county.

Are you suffering from rheumatism? Thomas' Eclectric Oil has cured thousands of the worst cases of this terrible disease. It only costs 25 cents to try it.

—Bishop Bowman has promised to be present at the dedication of the new Methodist church in Milesburg, which is to take place about the 21st of November.

—Miss Phoebe Hoover, one of Philipsburg's most competent school teachers, is preparing to go to the Klondyke in the spring. She says she intends staying in the new Eldorado until she has made a fortune.

Consumption in its advanced stages is beyond power of man to cure. It can be prevented, though, by timely use of Dr. Wood's Norway Pine Syrup, nature's own remedy for coughs and colds.

—Tuesday Sheriff Wm. Cronister and Arthur Kimport, Marched down the middle of High street with loaded knapsacks and empty guns. Where they were going to no one seemed to know and it is presumed they will return in about a week with both empty knapsacks and empty guns.

—J. G. Harris, a well known Lock Haven resident, died on Sunday Oct. 30., with congestion of the lungs. He had only recently been appointed to a government position in Washington, the duties of which were to have begun on the following Monday.

—Pensions granted through the agency of W. H. Musser during the past week are as follows Mrs. Leah Rearick, of Union township and Mrs. Mary Ann Brown, of Mt. Eagle, Mr. W. H. Shoultz had his increased to near double the amount he had before.

—Albert Richards, of Meadville, Crawford county, recently drove the 225 miles to Millheim, where he visited his uncle, Geo. W. Cummings, for a week and started on the return drive on Wednesday of last week.

—A Zulu shot gun in the hands of Reuben Rosenhuth, at Poe Mills, exploded and seriously injured him. The shell and part of the charge came out behind and struck him in the face. For awhile it was feared that his eye-sight would be injured.

—The apple pie social last Friday evening in the Methdist church was a success both financially and socially and the young people deserve a great deal of credit, especially Miss Grace Blackford who worked so zealously to get it up.

—Dr. Schoff and "Bucky" Vail, formerly of the University of Pennsylvania football team, have been secured to referee and umpire the great football game next Saturday between Pennsylvania State and Bucknell teams at Williamsport. This insures square officials, and a hotly contested game will be the result. A crowd of over 300 is expected to go down over the Central R. R., from here and State College; a rate of fare of $1.00 for round trip having been granted.

—Bishop E. G. Andrews, whose home is in Greater New York, was assigned last week to the presidency of the Central Pennsylvania conference of the Methodist Episcopal church. Its next session opens March 16, 1898, at Danville, in St. Paul's church, the Rev Georege D. Penepacker, D. D., a former pastor of the Methodist church of this place, entertaining the conference.

—"Mary had a Billy goat,
Its tail is sort of bent,
And everywhere that Mary goes
That goat is sure to went.
He followed her to school one day,
Which made her hot as fire,
For Mary had ridden on her wheel.
And Billy ate the tire."

—Mr. John Wilkenson, of Potters Mills, killed a fine big buck last week, this is the first of the season in that neck of woods, and "Bully" knows how to do it.

The only remedy in the world that will at once stop itchiness of the skin in any part of the body, that is absolutely safe and never-failing, is Doan's Ointment. Get it from your dealer.

—Lester Sheffer, the bicycle dealer, has removed his shop and store from the basement of Crider's Exchange to the room in the Benner house formerly occupied by Flack as a barber shop.

"After suffering from dyspepsia for three years I decided to try Burdock Blood Bitters. Two bottles cured me entirely." Mrs. G. C. White, Taberg, Oneida County, New York.

—Edward Powers is one of our most progressive citizens and is always up-to-date. He is now making a big improvement at his handsome home on North Spring street. He is taking out all the windows containing small panes of glass, and is putting in their stead, two large panes in each window.

—A fine line of Ladies' kid gloves and the new French Corset, at Aiken's store. Ladies, call and see them. dlw

—Harry Hagenbuch, a 10-year-old lad of Williamsport, is suffering excruciating pain from an injury which he received by falling from a ladder on an oil can, the spout of which penetrated his breast over two inches.

—Messrs. Simeon Haupt, James Alexander and A. Greninger left last week for the Green woods, nine miles north of Karthaus, to erect their hunting camp, and Tuesday evening of this week A. A. Dale, Esq., joined them. The party will remain there during the hunting season, unless they capture eight deer sooner, the number the law allows them to kil in one season.

—An exchange tells the following: A lady died and while the pall bearers were conveying her to her last resting place, by some mishap they stumbled and dropped the corpse. The concussion brought the deceased back to life, and she lived six or seven years and died again. On the way to the grave they passed over the same ground, and when the pall bearers reached the identical spot where the stumble had been made at the previous sad service, the grief stricken husband stopped in front of his lamented wife and said, "Steady boys, steady."

—"Mickey," another accomplice in the Smoke Run robbery last Friday night has been captured. Captain Simler got on the track of the robber and "Mickey," notified the police of Baltimore as to his information. "Mickey" was captured at Baltimore and will be brought to Philipsburg, given a hearing, and probably sent on to the Clearfield jail, where Murray, who was arrested in Altoona, is resting his bones.

—Good people of our town, this is certainly going to be a hard, cold winter, We have in Bellefonte and vicinity many, many poor people who are really needful, and will no doubt during this coming winter need your assistance. And now let us be mindful of these and be saving, and when you have any old clothing that is only partly worn out, don't throw them away, but send them to these kind ladies who are raising a fund to buy clothing, and things to eat for the poor people this winter. Remember what the Master said, "Even as ye have given it unto the least of these my children, ye have given it unto me." So let us do our missionary work right here at home this winter.

A Big Party.

Given Tuesday evening at the pretty home of Mr. and Mrs. J. S. Knisely, at the old Mann residence at Axe Mann. Mr. and Mrs. Knisely are a young married couple and have lately moved into this pretty home and enjoy having the young people come and have a good time. So last evening they had a gathering at which everybody had a grand time.

The guests who were present were as follows: Misses Katie Sheffler, Grace Rickard, Bella Gentzel, Sallie Gessner, Elsie Burd, Barbara Gessner, Annie Emil, Minnie Waite, Emma Strubble, Maud Duffield, Edna Campbell, Mary Mullen, Messrs. Joe Gessner, Samuel Calhoon, Frank Cole, Edward Rine, Andy Knisely, Allen Waite, Clyde Sheffler, Lloyd Smith, Harry Robb, Charles Garbrick, Harry Miller, Arthur Robb, all from Bellefonte and the two Misses Armors, two Miss Scanlons, Misses Heverly and Gross of Axe Mann. All of these young people wish to thank Mr. and Mrs. Knisely for the royal way in which they entertained them.

RESOLUTIONS OF RESPECTS.

Adopted by the Buffalo Run Epworth League on the Death of Jonas Thomas.

We, the committee appointed by the Buffalo Run Epworth league No. 11,942 to draft resolutions on the death of our late brother, Jonas R. Thomas, submit the following:

WHEREAS, It has pleased Almighty God in his infinite wisdom to remove from our midst Jonas R. Thomas, a devoted member of the Epworth League and in every sense a true and faithful member, and,

WHEREAS, The League feels greatly bereaved at his death. We shall miss him, but his memory will be perpetrated and kept alive in our hearts.

Resolved, That in the death of Jonas R. Thomas we have lost a most worthy and efficient member and devoted friend.

Resolved, That we hereby tender the family our most sincere sympathy in the season of their affliction and grief.

Resolved, That we drape the charter for a period of thirty days.

Resolved, That these resolutions be placed in the ninth book of the League, printed in two of the county papers, and a copy be sent to the parents of the deceased.

Committee { MARY E. MEEK, HARVEY BAISOR, REUBEN MEEK.

Centre County Marriage Licenses.

Wesley C. Williams and Retta Runk, both of Philipsburg.

E. Norman G. Meyers of Milesburg, and Maud Daughenbaugh of Howard Boro.

Andrew J. Kern and Mary J. Williams, both of Lemont.

Edward D. Mosel and Nancy M. Potter, both of State College.

Alvin R. Smith, of Milesburg and Mary Ida Fisher of Reading.

Jesse W. Peightol of Philipsburg, and Agnes Shoemaker, of Chester Hill.

William H. Miller of Lock Haven, and Jennie Yearick of College twp.

Charles Lockington of Woodland, Clearfield county, and Miss Maggie Morgan of Bellefonte.

Huey in Williamsport.

From Williamsport Sun of Tuesday we take the following:

William Huey, formerly of this city, lately a 'bus driver at Millheim, Centre county, who while acting as peacemaker in a dispute between Dr. J. C. Mohn, of Millheim, and an umbrella mender, at that place the other day, was shot by the doctor in the left hip, came to Williamsport yesterday accompanied by several Bellefonte doctors.

Huey was driven to the office of Dr. Nutt, where the X rays were turned on his injured hip and an X ray photograph taken, after which he was conveyed to the hospital. There will likely be an operation to remove the bullet in a day or two.

Charity.

Miss Rebecca Heckman daughter of one our county commissioners, teaches school in Benner township and she has coming to her quite a number of poor children, during the cold wave we have just had. these children came to school in their bare feet and not sufficient clothing to keep them warm. The following week Miss Heckman came to town and purchased, shoes, stockings, underwaer and everything needful and distributed them among these poor children, a deed of charity like this deserves mentioning, and we know that for this little act she shall be rewarded.

No Need of Dehorning.

Farmers, says an exchange, if you follow these instructions, you need never go to the expense to dehorn your cattle, which are now commencing to grow up. Buy a five cent stick of caustic potash, and as the little horns make the first sign of starting on the little calf, wet them a little, rub them with the caustic stick, and the calf will never know that nature ever intended that it should have horns.

Attacked by an Enraged Cow.

At Williamsport Sunday evening, while John Kreger, an aged man, was bringing Ferd Weddigen's cow from pasture to stable, the animal suddenly became enraged, jumped upon Kreger, knocked him down, and stamped him with her feet until help came, Kreger was badly bruised and his thigh was fractured. He was taken to the hospital.

If You Keep.

If you keep a horse, cow, or dog, send for Dr. Humphreys' Veterinary Manual and learn about their treatment and care. Mailed free. Address Humphreys' Medicine Company, cor. William & John Sts., New York.

If he thinks best she will enter an hospital for treatment after which she will proceed to Hot Springs, Arkansas, She was accompanied by Mrs. Mollie Valentine, Mrs. Reeder's maid, Miss Johanna Knudson accompanied them as far as Harrisburg.

The Workingman's Palace.

Any suggestion from Miss Willard as to bettering the condition of our fellowmen is worthy of careful consideration. Yet we beg to question if the recent announcement that she desires to build a palatial clubroom wherein workingmen may "lounge" as in a saloon and take their ease is to be credited as a carefully thought-out scheme.

The very foundation stone of the success of Miss Willard's life work is the fact that it is a splendid struggle to maintain the integrity of the family. The strongest weapon wielded by Miss Willard and her followers is the constant menace that intemperance is to family life, and so to society.

American life has already lost to a great extent that sense of abiding together which largely constitutes a home and creates the atmosphere in which alone family feeling can thrive. Every movement which deliberately tends to separate the interests of the individuals who combined constitute the family is to be deprecated.

If Miss Willard's "workingman's palace" will include in its occupants the weary mother and children, if the man will take his pleasure with his wife and babies about him, rather than with his fellows, as now in the saloon, then will this noble idea give an uplift to humanity.

In truth, daily life will be ideal when every man's home is a palace in the sense that therein lie the treasures of the occupants.—*Chicago Times-Herald.*

Not on the Free List.

The followings is from a Texas newspaper: "The price of this paper is not increased by the Dingley tariff bill, but we wish to correct the misapprehension of some of our subscribers who appear to think it is placed on the free list."

For Charity's Sake.

This Thursday evening the Ladies' Charity committee will give an "Art reception" at the house of Mrs. Jno. H. Orvis on East Linn street from 7.30 to 10.30. An admission fee of 25 cts. will be charged and will entitle each guest to view a very large collection of pictures by Gibson, Abbey, Smeadley and others of the best modern artists. Delicious refreshments will be served free. The proceeds of the reception will be carefully distributed among Bellefonte's deserving poor in the way of charity. All citizens will be cordially welcome. Later in the evening the pictures will be sold at auction. The REPUBLICAN urges everyone to patronize the ladies in this worthy enterprise. 3t

—Mr. William Fisher of Union township is thought to be the largest fruit farmer in the county, if not in the State. He has 125 acres of an apple orchard, on which are 5,000 trees. This not being a good apple year, Mr. Fisher has only picked and put into his cold storage building 4,000 bushels of choice apples, the others he made into cider, from which he makes vinegar. He keeps apples until Spring, when he finds no trouble in selling them.

Give Him the Cold Shoulder.

Widows of veterans will do well to be on their guard agains a swindler traveling through the state who represents that he can have their pension increased. He charges a fee of five dollars for preliminary expenses, and that is the last the widow sees or hears of him.

Itching Piles.

Dr. Agnew's Ointment is proof against the torments of Itching Piles. Thousands of testimonials of cures affected by its use. No case to aggravating or too long standing for it to soothe, comfort and cure. It cures in from 3 to 6 nights. 35 cents.—31

Sold by J. N. & S. Krumrine.

Royal makes the food pure, wholesome and delicious.

DEATH AT AARONSBURG,

A Long and Useful Career Brought to a Close.

On Saturday morning about 11 o'clock the angel of death entered the Meyer home at Aaronsburg, Centre county, and took hence the honored and respected father and head of the family, Jacob G. Meyers. His death was very sudden and unexpected. On Saturday morning he seemed to be in his usual good health, and, as he was accustomed to do had started out to the barn to look after the stock. He stayed longer than usual and his faithful wife becoming alarmed, went out to see what was the matter and found him lying there quite dead. As near as could be judged his death occurred about 11 o'clock and was no doubt a peaceful one. Although the call was sudden it did not find him unprepared as he was all his life a conscientious, christian gentleman.

Jacob G. Meyer was born in Lebanon county and was at the time of his death 73 years of age. When he was four years old his family moved from Lebanon to Centre county, and he resided all his life thereafter in Haines township, the past thirty years being spent in the little village of Aaronsburg.

He was always identified with the interests of the community and in church and school matters was an active spirit. He was superintendent of the Reformed Sunday school for more than 30 years.

From his youth he was passionately fond of music; teaching bands and singing schools in his younger days, and had charge of the Aaronsburg choir since he was a young man.

He was also a composer of music, quite a number of his church hymns having been published by Alfred Bierly, the well known music publisher of Chicago, Ill. Mr. Meyer was a life long democrat and in 1869 represented Centre county in the House of Representatives.

The deceased will be greatly missed in his community, for he was an honest christian gentleman, highly respected and honored by all who knew him. The family have the sincere sympathy of the public in the great loss they have sustained, but they have the knowledge that his was a life well spent, and that if they but follow in his footsteps, they shall see him again,

He leaves a wife, Mrs. Lydia Meyers, and three children, J. Calvin Meyer, of Bellefonte, W. T. Meyer and Mrs. Anna Stover of Aaronsburg.

The funeral took place wednesday morning at 10 o'clock from his late residence at Aaronsburg. Interment at that place.

DAVID F. FORTNEY, P. M.

Went Through the Huller.

A twenty-eight dollar watch which Bert Paulhamus, of Nippenose valley, lost in a load of clover seed hay, went through the huller with the hay and was chipped into pieces. The owner had made a careful search for the timepiece but missed it.—Lock Haven Democrat.

—Mr. Rudolph Schadd and family are about to move from their present residence on Half Moon hill to the Ardell house on East Linn St.
